NO. 294—EIGHTY-SECOND YEAR VICTORIA, BRITISH COLUMBIA, SATURDAY, NOVEMBER 23, 1940 EIGHTEEN PAGES

MANY PLANES TAKE PART IN ATTACK ON TOWN IN MIDLANDS

London Has Comparatively Quiet Night as Enemy Raiders Centre Assault On Central England Industrial Points—Southeast Coast Attacked Intermittently During Daylight

LONDON, Nov. 23 (Saturday) (AP).—A West Midlands town which has suffered previously bore the brunt of heavy air attacks on industrial Central England during the night, as London again had a comparatively quiet night. The Press Association said more raiders took part in the night's assaults than in any previous attacks on the Midlands.

Flying in from all directions, the raiders dropped large numbers of flares and following with incendiary bombs and high explosives. The agency said that a church, a hospital and two convents were among the buildings hit in the West Midlands town and damage to residential property was widespread. German sources said Birmingham was the night's main air objective.

A single town in the Western section of the Midlands reported raiders flew over every few minutes and dropped both incendiaries and heavy bombs.

Three separate formations attacked a town in the Eastern Midlands. The Liverpool area, on the West Coast; the north-east, and the south also were under attack.

High explosives smashed two shops in the north-east; at least one person continued on Page 6, Column 7.

MAY GIVE MORE AID TO BRITAIN

Congress May Allow U.S. Ships in War Zone and Lift Loan Ban

WASHINGTON, Nov. 22 (AP).—A renewed Congressional battle over assistance to Great Britain is shaping up for the coming session of the United States Congress, with proposals that United States ships be free to carry cargoes into the war zone and that the Johnson Act be repealed, apparently destined to become the principal issues.

Several Senators reported today that in the aftermath of the election—in which both parties urged all possible material help to Great Britain—they were receiving quantities of mail urging action to promote the programme. In addition, various organizations which have been in the forefront of the move to help Britain are busily urging that election pledges be implemented with Congressional action.

WOULD INCREASE HELP

Senator Warren Austin (Rep., Vt.), the assistant Republican leader and an influential member of the Foreign Relations Committee, said today that while he had always been for helping Britain—he is "more so now than ever."

Senator Tom Connally (Dem., Texas), also a Foreign Relations Committee member, spoke of the possibility of freeing American shipping from the Neutrality Act restrictions which now keep it out of belligerent ports. He was flatly in favor of repealing the Johnson Act, which prohibits loans by the United States to nations which have defaulted on their debts to the United States. Thus it forbids loans to Great Britain.

Rail Travel By Germans Discouraged

LONDON, Nov. 22 (AP).—Germans have been asked to refrain from traveling by train during the Christmas period, so there will be "no interference with the railways' important duties," the British Broadcasting Corporation said tonight, quoting the German radio.

The appeal also, the effect of Royal Air Force raids on German communications, the B.B.C. commented.

The B.B.C. added that German railways are refusing to accept goods for shipment by way of a number of Baltic ports, because of danger from British mines in the Baltic Sea.

Nazi Airfield at Stavanger Is Set Ablaze by Bombs

Germans Taken Completely by Surprise When British Drop Tons of Missiles On Base—R.A.F. Carries Out Successful Raids Against the Italians in Albania and Africa

LONDON, Nov. 23 (Saturday) (AP).—Royal Air Force bombers attacked objectives in Germany last night, British sources reported today. No details were given.

LONDON, Nov. 22 (AP).—Bombing planes of the Royal Air Force roared over the German airfield at Stavanger, Norway, today and let loose with tons of bombs in an assault which started lines of fires and left the whole airfield ablaze. The fires continued to burn almost an hour after the attack.

TOLD TO AVOID AXIS ALLIANCE

Russia Advises Bulgaria to Steer Clear of German-Made Pact

SOFIA, Bulgaria, Nov. 22 (AP).—Soviet Russia has advised her little Slav friend, Bulgaria, to steer clear of outright membership in the Axis alliance, a qualified source said today.

Nevertheless, despite underground tension in the country, most observers are convinced that Bulgaria eventually will join Hitler and Mussolini in their "new order."

Some Bulgarians—Communists, Liberals, Democrats and Agrarians who represent a large section of Bulgarian public opinion—are arguing that so long as Russia herself is not an outright party to the Axis alliance, a qualified source said today.

UNABLE TO RESIST

But although King Boris risks internal opposition to a pro-Axis military policy, diplomatic circles say, Bulgaria is not strong enough, even with Russian backing, to resist other demands Hitler is believed to have made to the King, who recently visited Berlin.

Bulgarian ministers may go to Berlin next week to learn exactly what is expected.

Diplomatic and military circles discredit the idea that King Boris agreed with Hitler in their recent talk on any plan for immediate action against Greece.

WILL BE PRIDE OF THE CORPS

Armored Units of Canadian Force Are Receiving Special Training

SOMEWHERE IN ENGLAND, Nov. 22 (AP).—Organization and training of armored units to take their place in an all-Canadian corps overseas is being undertaken with the aid of all the modern British science of mechanized warfare.

Every effort is being made to make the brigade one of the prides of Canada's growing army. The fifty-two officers and non-commissioned officers from the armored brigade are in England now receiving special instruction.

Attached to various British armored regiments they go through battle manoeuvres, work on rugged tank training grounds and take lectures at special schools. They will return to Canada and pass this accumulation of information to their units at Camp Borden, Ont.

The Canadians here have the best facilities in learning more about tank warfare. Work on the light tanks was the first job they undertook and now they are advancing to the larger cruiser tanks, considered fastest in the world.

The British colonel expressed deep admiration for the men from the Dominion after he had watched them only a few days. "Many of them seem natural soldiers for the armored unit," he said. One important factor was that the Canadian tank men are a rugged, hardy group who can stand up under the physical strain imposed on tank crews.

JAPANESE WARSHIPS SUNK IN YANGTZE

HONGKONG, Nov. 22 (AP).—The Chinese Central News Agency said today that two Japanese warships sank with many casualties after striking Chinese mines in the Yangtze River near Tunglu, South Anhwei Province.

From Europe Day by Day—

THE TIMES, London
News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1940, by the Southam Co.)
LONDON, Nov. 22 (By Cable).—Koritsa, Italian headquarters in Albania, has been abandoned by Mussolini's troops and the Greeks are already in the suburbs. They have broken the enemy lines on a wide front in the Epirus region and have captured many prisoners and war material of all kinds. The Italians are retreating in disorder. The Times correspondent reports that help by land, sea and air is going to Greece from British sources without weakening British defences in Palestine, Egypt or the Sudan. There is an immense feeling of gratitude in Athens for the magnificent assistance given the Greek army by the Royal Air Force.

British sailors and airmen are in action on a scattered front, reaching from Crete through the Pindus mountains of Albania to the heel of Italy. Coal, oil, food and guns are carried daily across the Mediterranean without Italian interference. Offensive operations are proceeding against Mussolini's three overseas bases in the Dodecanese Islands, East Africa and the Egyptian desert.

"We are sending every airplane, and bullet we can spare," is how British Headquarters in Cairo puts it. "We know it may not be long before the Axis tide sets in against the Greeks, although they have staggered military opinion everywhere by their successes."

The incomparable British Navy is now free to hit when and where it likes. While the Greeks hold Greece, the British role is to strike at the Italian invasion ports. The Greek and British destroyers have already steamed through the Straits of Otranto, thus exposing the Italian bluff that these straits had been mined.

To judge by the number of deserters, Italian spirit in Albania is low as in Ethiopia and Dodecanese. More desire for fighting is shown in the Egyptian desert where, however, the situation is static. Both sides here are burrowing underground for the winter. Superior air power is needed to turn the Italians out and a British thrust might be quickly answered by a German attack on Greece through Bulgaria.

Rumania, says The Times diplomatic correspondent, seems about to follow Hungary in passing under the Axis yoke. It is the formality that signifies little for, with several German divisions already in Rumania and an acquiescent Government in Bucharest, the Germans can do as they please. Hungary must now allow German troops across her territory at any time. This will mean that soon German troops will stand on Russia's whole Western frontier from the Baltic to the Black Sea and along 600 miles of Yugoslavia's land frontier of 900 miles. There is no evidence that King Boris has been put under extreme pressure to allow German troops to cross Bulgarian territory.

The present German scanty rationing system, it is admitted in Berlin, must continue not merely for one year more but for several. Officials of the Reich Economic Ministry say the most important tasks after the war will be reorganization of the transport system and building up of export trade again. The statement implies even victorious Germany cannot count on forcing the defeated democracies to yield up any considerable quantities of commodities already so scarce in Germany.

FRENCH CREWS CHANGE MINDS

Many Now Prefer to Join Countrymen Under De Gaulle

LONDON, Nov. 23 (Saturday) (AP).—The Daily Mail said today that more than half of the crews of two large ships sent to Britain by the Vichy Government to repatriate French sailors and soldiers have offered to join the Free French forces of Gen. Charles De Gaulle.

The newspaper said: "The men were bitter. Said one, addressing them in French on the quayside: 'We have brought these ships to take back Frenchmen. If you still want to go back and live under the Boche you are welcome. But do so without our help.'"

It can be revealed now that fifty French naval officers and 1,500 ratings who last September elected to return to France have since decided to stay and fight with Gen. De Gaulle.

The flow of French crews is growing rapidly, sometimes reaching 140 a week."

FRENCH CHURCH WRECKED

LONDON, Nov. 22 (AP).—The French Church of Notre Dame de France in Leicester Square was wrecked by high explosives in a recent air raid on London. Permission to report this was given today.

GREEKS IN GREAT VICTORY AGAINST BIG FASCIST ARMY

Greece's Premier Expresses Thanks For British Help

LONDON, Nov. 22 (AP).—Premier John Metaxas of Greece, in a broadcast to his nation tonight, paid tribute to the aid given by Great Britain in the struggle against Italy, the British Broadcasting Corporation reported. "I am interpreting the common desire—by giving expression to the feeling of gratitude toward Britain for the whole-hearted support that she gave our struggle, and particularly for the achievements of her unparalleled navy and air force," Premier Metaxas said.

Flood Leaves Jamaica With Heavy Losses

KINGSTON, Jamaica, Nov. 22 (AP).—Flood waters receded in Northeast Jamaica today, leaving more than eighty persons dead, 400 homeless and property damage estimated by authorities at \$1,000,000.

The Swift River Valley, hardest hit by the floods which followed a cloudburst Monday night, alone counted fifty dead. An entire family of fifteen was wiped out there.

TURKEY UNDER MARTIAL LAW

Action Taken as Nazi Envoy Arrives in Ankara With Demands

ANKARA, Nov. 22 (AP).—The Turkish Government proclaimed martial law tonight in virtually all sections of European Turkey, including Istanbul, in view of the general political situation.

This step was taken shortly after Germany's ambassador, Franz von Papen, returned from Germany, presumably carrying a virtual ultimatum that Turkey join the Axis-planned "new European order."

Sections of Asiatic Turkey, bordering on the vital Dardanelles, also were included in the martial law proclamation.

The order became effective immediately for a one-month period.

GASOLINE RATIONING

The proclamation followed a three-hour meeting of the Council of Ministers, which also was reported to have approved a bill rationing gasoline so strictly that it prohibits use of private automobiles or power boats.

Physicians, embassies and legations were exempted from the gas rationing. Food rationing possibilities also were reported under consideration.

Observers believed Von Papen might have brought a near-ultimatum proposal that pro-British Turkey pledge herself to stand aside if Bulgarian and German troops move to attack Greece in aid of Italy.

The Istanbul press said anew that Turkey did not want to fight, but would if it seemed necessary.

REQUEST REJECTED

HONGKONG, Nov. 22 (AP).—A special dispatch to The China Mail said Thailand (Siam) had rejected a Japanese request for permission to move Japanese armed forces through Thailand and also to establish military and naval bases there.

Koritsa Captured After Nine-Day Battle Against Six Italian Divisions With Additional Artillery Units and Permanent Fortifications—Prisoners and Much Equipment Taken

Second Main Italian Base Within Albania Threatened

ATHENS, Nov. 23 (Saturday) (AP).—The Greek Ministry of Home Security issued this communiqué early Saturday.

"Enemy aircraft yesterday bombed a number of villages in Epirus in the zone of operations, causing a few casualties.

"All villages evacuated by the retreating Italians were laid waste and plundered. The town of Sayades was set afire.

"The picture of the recaptured villages is one of desolation, as the Italians left behind unprecedented signs of savagery and barbarity.

"In the village of Vassiliko, women and girls were violated or killed and many women and children were taken hostage. Their fate is unknown."

OCCUPATION IS COMPLETED

ATHENS, Nov. 22 (AP).—The Greek High Command issued the following communiqué Friday night: "Our troops today succeeded in completing the occupation of the Morova Mountain ridge, Mount Ivan and the Ridge of Kafkarit.

"Koritsa was taken. "In the Pindus sector, our troops captured Leskoviki and advanced beyond Erseka and Borova.

"In Epirus, our troops have taken back Filiates and thrown the enemy back beyond the frontier.

"Our aviation bombed enemy columns in retreat with great success despite intense operations of the enemy air force.

LARGE ENEMY FORCES

"During the Battle of Koritsa, which lasted nine days, our troops, notwithstanding very strong opposition of enemy aviation, scored a brilliant victory, having overthrown large enemy forces established on naturally fortified positions reinforced in most cases by strong concrete and barbed wire redoubts.

"Koritsa was defended by the following forces: "The Second Division of the Alpine Triestino, the Nineteenth Division of Venezia, the Twenty-Ninth Division of Piemonte, the Forty-Ninth Division of Arenio, independent battalions of Tomori and Tarabus, the 109th and 160th Battalions of Black-shirts, the Fourth Regiment of Bersaglieri, the 101st Battalion of Machine Gunners, and many additional batteries of heavy guns and considerable numbers of tanks.

NOT YET COUNTED

"Prisoners and materials fallen into our hands after this battle have not yet been counted.

"Regarding prisoners taken since the outbreak of the war and material captured on the Albanian front, these aggregate a large number of officers and thousands of soldiers, eighty small and heavy guns, fifty-five anti-aircraft guns, twenty tanks, more than 250 automobiles, more than 1,500 motorcycles and bicycles and considerable quantities of munitions, fuel, clothing and other materials of all descriptions."

EXPLOSION FIRES BIG OIL REFINERY

ELDORADO, Ark., Nov. 22 (AP).—The huge No. 4 still at the Lion Oil Refining Company here was demolished by a mysterious explosion tonight. The big tubular distiller was immediately enveloped in flames.

The original blast was felt all over this city. It was followed by a series of lesser explosions, apparently caused when the flames reached each separate coil.

There was no immediate report of any casualties.

The Eldorado fire department and the refinery fire-fighters confined the blaze to the single still, which was used for producing gasoline.

OFFICER KILLED AT DEBERT CAMP

Major R. F. Campbell Sweeney, O.B.E., Vancouver, Meets Death in Accident

VANCOUVER, Nov. 22 (AP).—Word was received here today of the death of Debert Camp, Nova Scotia, of Major R. F. Campbell Sweeney, O.B.E., of Vancouver, commanding officer of the 4th Field Company, Royal Canadian Engineers. Major Sweeney was killed in an accident, the report said, but no details were given.

Born in Vancouver in 1880, Major Sweeney was the son of the late Campbell Sweeney, for many years superintendent of provincial branches of the Bank of Montreal.

In the first Great War he served overseas with the Royal Engineers, and was wounded in the first battle of Ypres, and again in 1917. He was twice mentioned in dispatches. In 1918 he went to Murmansk with the North Russian Expeditionary Force, and for his services was awarded the O.B.E.

At the start of the present war he was a master at St. George's School, Vancouver.

Cardinal Declares Separatist Move in Quebec Only Rumor

Archbishop of Province Gives Public Address in Which He Says Reports Church Behind Movement Untrue—People Loyal to the Crown

MONCTON, N.B., Nov. 22 (P)—"Mischievous rumors" of a separatist movement in the Province of Quebec were denied emphatically tonight by Rodrigue Cardinal Villeneuve, Archbishop of Quebec, in a public address at a civic reception to him here.

"It has been said and even more printed," said the cardinal, "that the French-speaking Canadians who compose the overwhelming majority of the Province of Quebec were contemplating to establish separatism in their province, and that the dominant influence of such a separatist movement was the Catholic Church under the leadership of the Cardinal Archbishop of Quebec."

"Not much notice was taken of this gossip in Quebec, where no responsible person attached undue importance to it, but unfortunately in some places it seems to have aroused suspicion in the minds of many that I availed myself on all occasions to put an end to such mischievous rumors."

His Eminence asked: "What happened in Quebec last year and this year? Has it not been the greatest single blow struck for Canadian unity in the past quarter century at what seemed to be the darkest hour?"

TRULY NATIONAL
"Are not French-Canadians of Quebec truly national subjects? Have they not shown their true Canadian spirit and their loyalty to the Crown? Have they not obeyed the laws and answered to the call, even of their blood? Are they only hyphenated citizens, who would be first French and then Canadian, because they speak French and are of French extraction? I say no, and you say no with me."

The cardinal said he could not better express his feelings on the subject of the war than by quoting recent words of Lord Halifax: "The Christian message to the world brings peace in the sense where we most need it, peace of soul."

CHRISTIAN SPIRIT
"Let that courage and that of the

AMERICAN AID NOW NEAR PEAK

Roosevelt Declares Everything Possible Being Done To Help Britain

HYDE PARK, N.Y., Nov. 22 (P)—President Roosevelt indicated at a press conference today that, under present conditions, United States aid to Britain was near its peak. He said that everything possible was being done at the present time.

Two weeks ago Mr. Roosevelt laid down a rule of thumb under which he said Britain and the United States would share 50-50 in American production of planes, guns and other war equipment.

Asked today whether, in view of the recent acceleration of German bombings of English communities, that rule could be altered to give more help to Britain, the President said the question was altogether too general.

If someone could point out specifically how it could be done, it might be a different story. But suggestions on that point, he said, must come from other people.

EXPAND ASSISTANCE
In response to another inquiry, he said it should not be taken for granted that consideration was being given to expanding United States assistance to the British. He challenged anyone to show him the way planes could be built faster, and said the Government can't pass a bill or issue an order and get planes the next day.

Informing there had been some discussion of extending credit to Britain, which would require a change in the Johnson Act forbidding loans to nations in default on war debt payments, and of the possibility of using United States ships to convey vessels part way across the Atlantic, the President said here had been nothing on those matters before the Government.

STORAGE SPACE INCREASED
Additional storage space had been provided by elevator companies for 60,000,000 bushels over and above the 420,000,000 practical elevator space available at the start of the harvest season.

Plans for the next crop year would have to be based on the expectation that only between 140,000,000 and 175,000,000 bushels could be exported, the minister said. The Government, in co-operation with the wheat board, would do its best to meet this problem.

Expressing satisfaction with the Government's wheat policy, R. T. Graham (Lib., Swift Current), said he wished it could have been announced earlier. Greater storage space, either on farms or in elevators, would have to be found for next year's crop.

It might be possible, with assistance from the Government in irrigation and water storage, to divert more farmers into mixed farming.

Dr. Herbert Bruce (Con., Toronto-Parkdale), clashed with Agriculture Minister Gardiner whom he described as "a one-man cyclone from the prairies." He criticized the minister's statements covering his recent visit to England.

Mr. Gardiner protested that Dr. Bruce was misinterpreting his remarks and Mr. Hanson intervened with an appeal to the Speaker to maintain order.

WANTED FAMILY TO KNOW SIEGE

Father Tells Why He Did Not Send Wife and Son From England

SEATTLE, Nov. 22 (P)—The story of why a British father kept his wife and four-year-old son in "battered and unbeaten" England instead of sending them to a haven in the United States was told today in a letter received by Mr. and Mrs. Joseph Thompson from their nephew, Capt. William Rennie, instructor in a Yorkshire training school.

In the letter Captain Rennie canceled previous arrangements to send his wife and son, Colin, to Seattle for the duration, explaining: "My prayer is, may they both be spared, and after this hell on earth."

"This is the greatest hour of our lives. Should my son be sent to safety or should he take his chance of sharing in the greatest hour?"

"You will perhaps say these are silly thoughts, that my chief thoughts should have been his protection—but what is protection without liberty?"

"And so, after many hours of serious thought, my duty for the present was to retain them both in this very battered but unbeaten land."

THE GREATEST SIEGE
"And should he not come through, surely he will have given his life for this country which is the last bulwark of democracy. Should it be I who does not come through, then surely someone will tell him why he remained in this country during the greatest siege the world has known."

At another point Captain Rennie wrote:

LEGISLATURE MAKING LAW

Special Assistance Outlined For Vancouver and Roseland in House

Vancouver City was given special powers to deal with sinking funds and debt, and Roseland secured its \$200,000 refunding measure, before the Provincial Legislature rose at 10:32 o'clock last evening for its fourth week-end recess. Eleven bills were taken through third reading before the House adjourned until 2:30 p.m. on Monday—at the end of a stormy day.

Herbert Ancomb (Cons., Victoria) objected to passage of amendments to the Vancouver Enabling Act, giving the Mainland city leave to omit sinking funds in 1941, and to pool sinking funds sayings to meet maturing debt. This was juggling, but no remedy, he observed. Attorney-General Wismer said passage of the measure was imperative, if Vancouver was to be saved from default. Roseland's refunding scheme passed unopposed.

THIRD READINGS
Third reading included the Vancouver Enabling Act; City of Roseland Refunding Act; Dyking Assessments Adjustment Act; Sumas Drainage Act; Fruit and Honey Grades Act; Department of Municipal Affairs Act; Evidence Act; Legal Professions Act; Public Libraries Act; Municipal Superannuation Act; and Provincial Code of Arms Act; all awaiting Royal assent.

The moratorium measure was held in committee at the request of the Government; the Weekly Holiday Act completed in committee with minor changes in wording; and the Trades Licence Act adjourned on debate.

NEW BILLS
Five new bills were introduced and read a first time. These included amendments to the Municipal Act, Village Municipalities Act and Municipal Elections Act, offered by Hon. A. W. Gray.

Mrs. Jamieson offered amendments to the Health Act, dealing with pre-natal care; and Samuel Guthrie, amendments to the Coroners' Act asking for equal representation for workers at industrial accident inquiries. All five measures were read a first time, and will be explained later.

MEMBER OF BANNED SECT CONVICTED IN COURT AT NANAIMO

NANAIMO, Nov. 22.—Magistrate C. H. Beevor Potts imposed a fine of \$100 or sixty days on Alex Pearson, also known as Pierson, who was convicted in police court here today on a charge of possession of literature likely to be prejudicial to the prosecution of the war. Another charge of advocating the principals and policies of Jehovah Witnesses was dismissed. The charge on which conviction was made was based on a search made by Corporal Gordon Lennox, of the Nanaimo detachment of the British Columbia Police, of Pearson's rooms here, where a large quantity of bound books, by Rutherford, published in New York, and Watch Tower magazines were ordered confiscated. When conviction was announced by Magistrate Beevor Potts, Pearson said he would take the jail sentence instead of paying the fine.

Opium in a Pine Street house in Chinatown here last August, was adjudged until November 29, when argument of Crown and defence counsel will be heard. In the witness stand the twenty-three-year-old accused said he was born and raised in Union Bay with the exception of two years which he spent at school in Victoria and two years in Toronto. The case lasted two days before adjournment was granted by Judge P. F. Harrison today.

A raid made by Constables Davies, Banks and Atherton, of the R.C.M.P. on No. 11 Pine Street, here, where a quantity of opium and paraphernalia was found, led to the charge being laid.

ONE KILLED, TWO HURT IN BLAST

Explosion Wrecks Portion of Lino-leum Plant in Montreal—Building in Vicinity Shaken

MONTREAL, Nov. 22 (P)—Joseph Raymond, forty-one, was killed and two other men were injured today when an explosion wrecked part of the plant of Dominion Oilcloth & Lino-leum in the East End of Montreal.

The injured men were Adrien Viau, twenty, severe body burns, and Dostine Lessard, skull fracture. The condition of the men, both of which were rushed to hospital, was reported to be serious.

The explosion, which occurred in a cork mill, was believed to have been caused when cork dust was ignited by a spark. Firemen from nine stations eventually extinguished flames which broke out.

PLANT EMPLOYEES
The injured and dead all were employees of the plant. Raymond's charred body was found after fire, which threatened for a time to engulf other buildings.

Viau, working on the second floor, was burned badly when a sheet of burning shot through the mill.

Lessard suffered a skull fracture when he leaped from a window of the third floor, where the blast occurred.

A fourth employee, Fred Murray, sixty-one, suffered slight burns and injuries and also was taken to the hospital.

The blast tore a gaping hole in the front of the building, showering bricks and wreckage over a two-block area. Houses and other buildings in the district were shaken by the blast.

HONGKONG EVACUEES MUST STAY AWHILE

HONGKONG, Nov. 22 (P)—The Colonial Office in London shattered today the hopes of Hongkong Britons for the return of their families to Australia some time ago. The Colonial Secretary telegraphed the Hongkong Government there were "no prospects at present seen of such improvement in the political situation in the Far East as would justify the return of families already evacuated."

U.S. Government Establishes Chain of Reporting Stations in Alaska

WASHINGTON, Nov. 22 (AP).—The necessities of national defence and of commercial flying in the territory of Alaska are beginning to have a by-product—better weather forecasts for North America as a whole.

A new chain of meteorological reporting stations in Alaska for the benefit of flyers has been established by the United States Government.

"Radiosondes," the robot reporters attached to small balloons which have been known to ascend to heights as great as fifteen miles, are reporting their findings in the upper air to receiving stations in the territory.

That information is relayed to weather stations in the United States proper, and the storms which originate in the far North will be plotted with greater accuracy than heretofore.

Weather men still are approaching the problem of long-range forecasting gingerly, but the information

from the new stations in Alaska represents a step in that direction. The new stations are part of the airways and airport system being developed jointly by the United States Army, Navy and Civil Aeronautics Board.

Part and parcel of the system are radio beam stations which establish air "highways" for planes. Hourly weather reports are transmitted to pilots in flight.

NINE STATIONS

Headquarters for the weather-airway project is at Anchorage. To Alaska have gone several dozen Government employees to man the beams and collect weather data. Nine beam stations are in operation now, four more are projected for 1941 and five for 1942.

Northernmost of the beam stations was to have been Point Barrow, but that has been abandoned for the present. Beams already radiate from Fairbanks, Ruby and Nome, none much more than 100 miles south of the Arctic Circle.

A string of stations stretches along the Alaskan seaboard from Ketchikan to Metlakatla—the latter the site of a new Army Air Corps field—through Sitka, Juneau, Yakutat and Cordova to Anchorage.

Government radio experts are laying the groundwork for stations in the Aleutians, area of particularly heavy rains and considerable fog. Radioonde stations are in operation at Anchorage, Bethel, Ketchikan, Nome and Point Barrow.

GREEK SEAMEN ARE JUBILANT

Ships in Port Display Bunting—Parade to Cenotaph Arranged

Masters of Greek vessels in port yesterday got out all the bunting their ships boasted and today strings of flags will fly in celebration of the Greek victory over the Italians at Korizita, while it has been arranged for the combined crews to parade to the Cenotaph at Parliament Square tomorrow.

About the ships yesterday all jubilation, officers and men clustered about the ships' radios and enjoyed all the detailed accounts of the gallant drive of their countrymen into Albania. The enthusiasm continued throughout the day, and among other things the parade through the city's streets to the Cenotaph, where a wreath will be laid with due ceremonial, was decided on.

One of the officers said: "The seamen are so delighted over the advance of the Greek armies against the Italian army they want to put on a celebration. It means so much to them we have already engaged a band and every Greek sailor in port will parade to the Cenotaph, where, with all due reverence, a wreath will be placed in honor of the victorious Greek soldiers and those who have died for Greece."

The officer also stated that the committee appointed to arrange for the parade was trying to secure from Seattle uniforms of the famous Greek Evzones, the men who have already put to rest two Italian divisions. These uniforms, similar in some respects to the kilts, will be worn, if they arrive, by Greek sailors who have seen army service.

No Strike Clause In New Contract Causes Deadlock

DOWNEY, Cal., Nov. 22 (AP).—Their wage dispute settled, management and labor were deadlocked anew today over a "no strike" provision in a new two-year contract covering military plane production at Vultee Aircraft, Inc.

Five days of negotiations broke down late yesterday, but a War Department representative said he would remain on the job in the hope that the latest difficulty could be ironed out.

The president, Richard W. Millar, and factory manager, C. W. Perelle, walked out of the conference the climax of hours of argument over a clause which would preclude new strikes during the life of the contract. United Automobile Workers' Union representatives refused to accept such a provision.

Joe got the job of unloading cattle at the docks. After only an hour down in the hold, he appeared on deck covered with cuts and bruises.

"Give me my card," he cried to the foreman. "I'm a stevedore, not a torador!"

Australians Have First Experience Of Canadian Cold

EDMONTON, Nov. 22 (AP).—A contingent of the Royal Australian Air Force began training here today at the air observers school established as part of the British Commonwealth training plan.

Arriving here from the West Coast last night, they shivered in the unaccustomed cold and slipped and fell when they tried to march on an icy road. They joked and laughed about the cold, and most of them were anxious to engage in winter sports as soon as they had spare time from training duties.

ARRIVES HOME ON FURLOUGH

Lieut. F. X. Russel, of Ill-Fated Destroyer Margaree, Is Visiting Mother

Home for a month's vacation with his mother, Mrs. F. X. Russel and fiancée, Miss Margaret Cleaton Jukes, Lieut. Patrick F. X. Russel, who was first lieutenant of the Canadian destroyer Margaree when she sank as the result of a collision with a convoyed merchant ship while traversing the submarine zone in the Atlantic, arrived here yesterday morning.

Telling of the disaster, Lieut. Russel stated here: "It was a very dark night, with no visibility and the sea was rough. The merchant ship hit us at right angles, and as she was steaming fast the impact cut the Margaree in two."

"The forepart floated free and sank quickly. There were no survivors from that part of the ship. In the after section there were thirty-six all told and thirty-four of these were saved. The two were killed when crushed between the sides of the colliding vessels. The rest of us were really very lucky."

Yesterday the young officer went on a shopping tour to replace some of the clothes that went down with the Margaree. His leave terminates a few days before the Christmas holidays; but like other survivors of the destroyer already on leave, Lieut. Russel is hoping the furlough will be extended for a little while anyway.

SALT SPRING BOY RECEIVES D.F.C.

Pilot Officer G. A. L. Elliott One Of Three Canadians Decorated For Good Work

LONDON, Nov. 22 (AP).—Three Canadian officers of the Royal Air Force were awarded the Distinguished Flying Cross today. There was no citation, but it is understood that the awards were for general good work.

Those honored are Acting Pilot Officer D. S. Robertson, Calgary; Pilot Officer G. A. L. Elliott, Salt Spring Island, B.C., and Pilot Officer Cecil Victor Fraser, Clareholm, Alta.

Pilot Officer Elliott is the son of Arthur B. Elliott, manager, Salt Spring Island, and left home in 1935 to join the Royal Air Force, working his way across Canada and earning enough money thereby for the passage to England. Prior to that he was a lieutenant in the Canadian Scottish Regiment. He married a Yorkshire girl only a month ago.

Pilot Officer Elliott has two sisters living in Victoria, Mrs. G. Manning, 2530 Florence Street, and Miss Nancy Elliott, Devonshire House.

The addition of an Electrical Manufacturing Department was announced this week by Kendall Radio Laboratories, Ltd. Save money by buying direct from this manufacturer.

DOG TRAVELED AS PASSENGER

Scotch Terrier Favorite of Airmen Arriving for Special Duties

PORT ALBERT, Ont., Nov. 22 (CP).—Most of ten Canadian instructors, all Royal Air Force veterans, stationed near here at the air-navigation school opened recently under the Empire air training plan, would rather talk about a certain canine than their adventures as airmen over Britain, Europe, and the waters between.

The dog is a Scotch terrier named Mickey, who started for Canada as a contraband, but finally reached this country an "honored" dog after he was discovered by a customs man when the airmen tried to smuggle him aboard ship. He came as a regular passenger on another ship at a fare of \$40.

Mickey belongs to Flight Lieutenant Rodrick Bell Irving, Vancouver, but stands high also with the other officers of the group: Flight Lieutenant Jack Sproule, Brandon, Man.; Flight Lieutenant D. McPherson, Saskatoon; Flight Lieutenant Alex McDowell, Blainville, Alta.; Flight Lieutenant O. R. Davidson, Revelstoke, B.C.; Flying Officer F. C. Willis, Saskatoon; Flying Officer Frank Hatton, London, Ont.; Flying Officer W. G. Thompson, Lucky Lake, Sask.; Flying Officer Ken Heinbucke, Stratford, Ont., and Flying Officer J. C. R. Brown, Toronto.

Some were attached to bombing squadrons, others to the coastal command searching for submarines, and the rest manned Spitfires and Hurricanes in defence of British cities before they were ordered to Canada to teach navigation to other young Empire airmen.

Passenger Vessel Had Adventurous Atlantic Passage

NEW YORK, Nov. 22 (AP).—The British passenger liner Western Prince arrived here today with ninety-two passengers. Captain John Reed told of seeing German planes attack another ship during the ocean crossing.

"It was pretty close for us," he said.

The liner brought five members of the British Purchasing Commission. They declined to discuss their business here.

"Take a Paradol"

Paradol is popular because one girl tells another that there is nothing like Paradol as a quick relief from the pains and discomforts which come every so often.

Belief comes more quickly and lasts longer when you use Paradol. There are no disagreeable after effects, no interference with digestion.

One girl writes, "Since the age of twelve, I have suffered every month. I never got relief until I used Dr. Chase's Paradol. It now saves me two or three days of keen suffering every month."

Your druggist will tell you what a lively demand he has for Paradol. It is a fine habit to always carry Paradol in your handbag for quick relief from periodic pains, headaches, and jumpy nerves.

MEZGER TRIAL OPENED HERE

Quartette Charged in Oak Bay Under Defence of Canada Regulations

Evidence in the case against Robert, Mary, Howard and Roy Mezger, under the Defence of Canada Regulations, was given in the Oak Bay police court yesterday. The quartette was remanded until next Friday afternoon.

Most of the afternoon was taken up with lengthy cross-examination of the Crown's principal witnesses by Stuart Henderson, counsel for Robert and Mary, who again charged that an employee of the R.C.M.P. had planted the literature in the Mezger home, which resulted in the laying of the joint charges.

Robert Stanton, Vancouver, defended Howard and Roy, while Claude L. Harrison appeared for the prosecution.

Sgt. Walter Withers and Constable Ballard, of the R.C.M.P., told of searching the house at 368 Victoria Avenue, in Oak Bay, with Sgt. E. G. Clavard and Robert Mezger on October 13. In a lower, warming closet of the kitchen range, they found copies of the "Island Clarion" and other literature likely to be prejudicial to the successful prosecution of the war.

CUPBOARD IS HIDING PLACE
In a cupboard under the stairs off the kitchen, other literature was found.

Mr. Henderson charged that a man named Webster had planted the literature for the police, and his cross-examination attempted to show that the officers knew exactly where to look for the incriminating evidence.

The counsel also submitted that the written permission from the Attorney-General to prosecute did not cover the information presented in court, and moved for a dismissal of the charge.

Magistrate Henry C. Hall said that more particulars were contained in the charge than were in the Attorney-General's communication and refused Mr. Henderson's motion.

In a brief cross-examination of Sgt. Withers, Mr. Stanton established the fact that the officers were not sure that Howard and Roy lived in the house on which they were charged, and that the Communistic literature was kept there.

British Cargoes in German Ships Freed From Neutral Ports Without Guns

LONDON, Nov. 22 (CP).—Law suits and negotiations instead of guns are winning one phase of the war for Britain, the British Broadcasting Corporation reported tonight.

The B.B.C. told of a successful battle for possession of many British-owned cargoes which are aboard German ships when they took refuge in neutral waters at the outbreak of hostilities.

"There were about 150 of these ships in port in various parts of the world," the B.B.C. said. "About fifty escaped or were scuttled, but as a result of the law suits and negotiations the cargoes in most of the remainder have been freed."

STEINWAY HEAD HERE ON VISIT

Piano Executive Finds Brit- ish Atmosphere in City To His Liking

Making his first visit to the Pacific Coast, William R. Steinway, New York City, grandson of the founder of the famous piano firm, said on arrival here yesterday that Victoria made him homesick for Great Britain.

European general manager of Steinway & Sons, and resident across the Atlantic for thirty-five years, the stout, genial piano executive said that in England he "spent the happiest years of my life and I am glad to be back in a British atmosphere."

Mr. Steinway said he was here on a business trip. "I am visiting all our Western agents and also I wanted to call on James H. Fletcher, of Fletcher Bros. here, in return for a visit he paid me in London some years ago," he explained at the Empress Hotel last night.

He related with pardonable pride that there were no fewer than ten Steinways of the third, fourth and fifth generation, "and they were all born in the city of New York, except one, who names Plymouth, Mass., as his birthplace."

Ever since the firm was founded in 1853 by Henry E. Steinway in New York, he said, it has been a tradition that all the male members of the family go into the piano business and learn it from the bottom up.

The London plant of the firm had been hit by incendiary bombs last month, he said. "Fourteen bombs fell and destroyed 135 pianos but fortunately it was at night and no lives were lost," he remarked.

PIANO BUSINESS GOOD

Mr. Steinway said the entire piano industry probably made 135,000 pianos in the United States this year. Business was good, he commented, adding that in Eastern Canada sales were going very well, indeed.

He believes the radio has helped general opinion, contrary to popular opinion, in the radio program for music, and people naturally turned to the piano to find self-expression. "The piano is the standard instrument for polyphonic musical expression," was the way he put it.

He added, too, that while in the old days a piano was regarded only as a musical instrument, nowadays it was looked on as a valuable and ornamental piece of furniture as well.

Mr. Steinway, who has been back from Europe for about a year, was accompanied by Count Roman de Majewski, wholesale manager of the firm, a Pole who fought in the last war and who has been a naturalized American for twenty years.

Confessing himself to be a rose enthusiast, he is a member of the National Rose Society of Great Britain. "Mr. Steinway regretted that his visit did not coincide with Victoria's best rose season. 'Perhaps I can manage to come back here again. I would certainly like to see the most delightful here,' he said.

WIDOW OF FORMER SECT HEAD PASSES

Mrs. Anna Verigin, Fifty-Seven, Passes in Vancouver Hospital After Long Illness

VANCOUVER, Nov. 22 (CP).—Mrs. Anna Verigin, widow of the late Peter Petrovich Verigin, former spiritual head of Canada's Doukhobors, died in hospital here today. She had been undergoing medical treatment here for three months.

Born in Russia fifty-seven years ago, Mrs. Verigin came to Canada in 1927 with her husband when he succeeded his father, Peter Verigin I, who led the sect after they came to Canada in 1882.

Peter Verigin II died in February, 1939. For the last fifteen years his widow has been living at Brilliant, B.C., and she will be buried there.

Action Will Continue

Further argument in the action of Tara Singh vs. William Crabb for damages arising out of the alleged unlawful conversion of an \$813.50 truck on July 11 will be heard before Judge H. H. Shandley in County Court at 10:30 o'clock on Monday morning.

M. B. Jackson, K.C., appears for Tara Singh. Mr. Crabb is represented by Frank Higgins, K.C. Following the taking of evidence yesterday afternoon, Judge Shandley upheld Mr. Crabb's lien on the truck in question.

NO HOPE OF PEACE

SHANGHAI, Nov. 23 (Saturday AP).—High Japanese sources said today that Japan has abandoned hope of concluding peace with Generalissimo Chiang Kai-Shek and will recognize Wang Ching-wei's Tokyo-dominated Nanking regime as the "National Government" of China "within the next ten days."

City and District

No Licences—Ten householders who admitted having failed to secure radio licences were each fined \$1 and \$1.50 costs in the city police court yesterday morning.

Car Overtaken—S. J. Haskell, 1035 Oliver Street, received a shaking up Thursday when his car skidded on the slippery surface at Gorge and Tillicum Roads and turned over on its side.

Are Nominated—At the meeting of the Canadian Pensioners' Association last evening, officers for the ensuing year were nominated. The elections will take place at next month's meeting.

Three Charged—A motorist who admitted exceeding the speed limit along Johnson Street on November 15, acting as a chauffeur without a licence, and failing to possess a driver's licence, was fined a total of \$20 in the city police court.

Urges Reception—W. E. O. Crawford, in a letter received at the City Hall, suggested that the city patriotic reception committee be formed to greet active servicemen from other parts of the British Empire. He also thought they might be presented with some suitable souvenir.

Gives Excuse—"I was parked for three-quarters of an hour and then moved my car three feet," a motorist stated in the city police court yesterday on pleading not guilty to a charge of parking over the hour limit. "You broke the spirit of the by-law." Fined \$2.50. Magistrate Henry C. Hall returned.

Survey Point—In a letter to the City Council, F. A. Devereaux noted that the initial point for city surveys had been destroyed at the southwest corner of Fort and Government Streets, and suggested that it be re-established. He also recommended that the street lines of Government and Gordon Streets be properly adjusted and marked.

Participate in Debate—Second-year students at Victoria College, Brenda Smith and Aileen Proudfoot, debated the subject "Resolved that Vancouver Island should be a Crown colony," with the University of British Columbia debaters in Vancouver yesterday. The Victoria girls upheld the negative side of the controversy.

Oppose Royalties Increase—A delegation of the Northern Interior Lumbermen's Association waited on Hon. A. W. Gray yesterday, to urge that no increase in timber royalties be made this year. Northern operators could not stand an increase in cost of operation at the present time, the delegation declared. Consideration was promised.

City's Temperature—Maximum and minimum temperatures recorded yesterday at the Dominion Meteorological Observatory on Gonzales Hill were 43 and 35 degrees, respectively. The maximum temperature observed on the grounds of the Strathcona Hotel was 43 degrees and the minimum 32 degrees.

Are Remanded—Charged in the city police court with being intoxicated while in control of an automobile.

PLYMOUTH MAKES IT ALL COME TRUE

When viewing the 1941 Plymouth models, now on display at the Begg Motor Co. Ltd., showrooms, it is an effort of will to bear in mind that here is a car that still remains in the low price field. Every motorist has wished for a car that combines luxury, power, beauty and performance at a cost within the average man's budget. It is here in the 1941 Plymouth. Begg's issues a genuine invitation to you to come in and see the new models, to step inside and see the delightful Fashion Tone interior, a miracle of color, fabric and appointments. Take the wheel and thrill to the surge of power, appreciate the added ease of driving, the stimulating action aids Nature's defenses against the cold—and so helps prevent colds from developing. Try safety car operation in the Plymouth for 1941.

First Class Will Graduate Today

SOMEWHERE IN ENGLAND, Nov. 22 (CP).—The first class from the officers' training unit for the Canadian Active Service Force overseas graduates tomorrow.

About fifty privates and non-commissioned officers will receive their commissions as lieutenants at the ceremony, which will probably be attended by Lieutenant-General A. G. L. McNaughton.

CHILDREN ESCAPE IN BUS ACCIDENT

POWELL RIVER, Nov. 22 (CP).—Twenty occupants of a school bus, all but three of them children, escaped with superficial injuries when the bus overturned here this morning when the vehicle skidded on an icy hill and overturned.

Three of the children were treated for minor injuries, but none was badly hurt. The accident occurred as the bus, laden with children on their way to school here, was coming down Cranberry Hill, half a mile from Powell River. According to the driver, Kenneth Mauer, he slowed down as he approached a heavy logging truck, and skidded on the slippery roadway, turning over.

No letter to the Editor will be inserted except over the proper signature and address. No letter will be accepted of no exception. No letter should exceed 100 words in length.

GIRL GUIDES

Sir,—May I, through your columns, address an appeal to girls and young women who have time to spare and wish to serve their country; there must be many such who, even if the opportunity arose, could not volunteer for active service, but could spare a few hours a week.

In a recent broadcast, H.R.H. Princess Alice, the honorary president of the Canadian Girl Guides Association said in part:

"Girls are doing war work by leading the most vital war work by the lines of cheerfulness and courage—teaching them to play the game of guiding, whereby they learn the strength of discipline, the joy of good fellowship and the happiness of service."

In Great Britain guiding has demonstrated its value; many guides hold responsible posts in the Women's Services and V.A.D. units, and guides and rangers alike are doing magnificent work in auxiliary fire fighting brigades, the Thames river patrol and A.R.P. stations. Now that we know a little about the guiding, whereby they learn the strength of discipline, the joy of good fellowship and the happiness of service."

The Lundy owl of the 1st Dymchurch Pack was awarded the M.B.E. for her gallant rescue of an airman who crashed in the Channel. The coolness of a thirteen-year-old girl prevented a stampede in an air raid shelter during the first attack on Croydon. A twelve year old guide received untold praise from sailors for her behaviour in an open boat, after a Bermuda-bound ship had been sunk by a submarine. In Canada, since the war began, there has been an 11 per cent increase in the number of children joining the movement, but there has not been a proportionate increase in the number of adults.

Miss Kathleen McMahon, blue diploma holder from Toronto will hold training classes at 1342 Harrison Street on the 25th and 26th of this month; general training on Monday and Tuesday evenings at 7:45, and a special session for new guides on Tuesday afternoon at 2:30. A cordial invitation is issued to anyone who may be interested.

E. FRANCES MORKILL,

CHRYSANTHEMUM GROWERS
Sir,—The directors of the Royal Jubilee Hospital wish to acknowledge through your columns, receipt of the sum of \$63.32 from the Japanese Amateur Chrysanthemum Growers' Association. This is the net result of the very excellent chrysanthemum show held by the association last week.

The directors of the hospital wish to record their thanks to the members of the association, and congratulate them on the high quality of the exhibits and the interest shown in the show by the public of Victoria.

D. D. MUIR,
Secretary, Royal Jubilee Hospital,

Announces Date For Conference

OTTAWA, Nov. 22 (CP).—The Dominion-provincial conference to consider implementation of the recommendations of the Royal Commission on Dominion-Provincial Relations will open here January 14. It was announced tonight from the Prime Minister's office. Acceptance by the Governments of all nine provinces has been received by the Prime Minister.

TO TRAIN ARMY

SAN JOSE, Costa Rica, Nov. 22 (AP).—A United States military mission will arrive in January, 1941, to spend several months training the little Costa Rican army. It was announced today.

The manager was interviewing an applicant for a situation.
"Is there anything you can do better than anyone else?" he asked.
"Yes, sir," was the reply. "I can read my own writing."

"Now, boys," said the teacher, "suppose in a family there are five children, and the mother has only four potatoes to divide among them. She wants to give each child an equal share. What should she do?"

Silence reigned in the room. Finally, one little boy put up his hand. "Well, Johnny, what would you do?" asked the teacher. "Mash 'em, sir," came the response.

To Those Convalescing After Severe Illness

After many severe illnesses or serious operations the patient is very often left in an extremely weak, nervous, run-down condition.

To all those convalescents who need some kind of a tonic to stimulate and build up the weakened system, we would recommend Milburn's Health and Nerve Pills to assist them back to health—happiness again.

These pills help supply elements necessary to assist the convalescent in bringing back bodily strength and vigor.

Committees For Solarium Bridge Named

Conveners and committees for the bridge tea to be held at Government House through the kindness of His Honor the Lieutenant-Governor and Mrs. Hamber on February 12 for the Queen Alexandra Solarium were appointed at a meeting held yesterday afternoon at the home of Mrs. Curtis Sampson, 1003 Newport Avenue, by wives of the board of directors of the Solarium, and representatives of the Solarium Women's Auxiliary and the Solarium Junior League, under whose auspices the tea will be held.

Mrs. J. D. Hunter was named general convenor with Miss P. A. Russell as secretary; bridge convenor, Mrs. Curtis Sampson, with Mrs. R. D. McCullough and Mrs. E. E. Henderson on the committee; refreshments, Mrs. E. E. Winslow, convenor, and Mrs. Stanley Ockell, Mrs. Richard Peiton and Mrs. Hugh Allen; publicity, Mrs. Glenn Simpson, convenor, and Mrs. Muriel Richards and Miss June Sweeting; contests, Mrs. G. F. Amyot, Mrs. J. A. Worthington and Mrs. William Peden; tickets, Mrs. D. J. Mugford, convenor, and Mrs. E. O. Archer, Mrs. H. O. Corbett and Miss Doreen Catron. Mr. E. E. Henderson, as a member of the board of directors, has kindly offered to act as treasurer.

Contest tickets are now on sale at the Solarium headquarters, Pemberton Building, or from members of the committee. The bridge tickets may be obtained from Mrs. Curtis Sampson by telephoning E2893, Mrs. R. D. McCullough at E4590 and Mrs. E. E. Henderson at E5287.

HARD-OF-HEARING CLUB

The Victoria Club for the Hard-of-Hearing will hold its annual bazaar on Wednesday, November 27, at the home of Miss Spencer, 321 Moss Street. Two of the large reception rooms will be open for tea and the sale of work will be held in other rooms. Music will be provided and there will be a variety of contests.

Weddings

HARKER-FOTOS

The marriage took place quietly at the home of the bride's parents in Nelson recently, between Dora, eldest daughter of Mr. and Mrs. C. P. Potos, 904 Edgewood Avenue, and Mr. George William Harker, elder son of Mr. and Mrs. J. E. Harker, Mount Edwards Apartments, Victoria, Rev. Foster Hilliard officiating.

As the register was being signed, Miss Marie Potos, sister of the bride, sang "I Love You Truly," accompanied by Mrs. Hilliard, who also played other selections. The bride wore a frock of dusky rose crepe with Autumn brown accessories and a corsage bouquet of yellow roses, and was attended by her sister, Miss Mae Potos, in a pastel green bunny wool dress and matching accessories, with a corsage spray of roses and carnations. Mr. George Hilliard, South Slope, was best man.

Following a short honeymoon at Alansworth Hot Springs, Mr. and Mrs. Harker have taken up residence at Crescent Valley for the present.

I.O.D.E. Activities

Nightingale Chapter

Members of the Florence Nightingale Chapter met yesterday afternoon at the home of Mrs. P. Baylis, 330 Robertson Street, when a considerable amount of sewing was done for the bazaar which is to be held on November 30 in the Truth Centre Hall, Fort Street. Mrs. Baylis was assisted in her role of hostess by Mrs. J. Jones, Miss N. Jones and Mrs. J. Moulton Smith. The last sewing meeting will be held on Wednesday, November 27, at the home of Mrs. George Mellor, 1120 Oxford Street, to which all members are asked to bring their finished articles for the bazaar.

Chrysanthemum Tea To Be Held This Afternoon

The chrysanthemum tea to be held this afternoon at the home of Mrs. Walter C. Nichol, 1759 Rockland Avenue, by the Queen Alexandra Solarium Junior League, from 3:30 to 6 o'clock, will include a programme of music by Mrs. Peggy Moore, Miss Marian Peterson and Master Keith Little.

Mrs. R. W. Mayhew, Mrs. Curtis Sampson, Mrs. F. E. Winslow and Mrs. J. D. Hunter have kindly consented to pour tea. Mrs. K. J. Davis is the general convenor and the committee includes Mrs. Dennis Humphries, Miss Barbara Kennedy, Miss Eve Lytton and Mrs. E. S. Horsman.

Clubs-Societies

Solarium W.A.

The Solarium Women's Auxiliary met on Thursday afternoon, with Mrs. D. J. Mugford in the chair. The knitting convenor, Mrs. Wise, reported receipt of twelve garments, and told the members that the chief need at present is for vests for children between the ages of two and four years, and mitts for children from six to twelve years, also hot-water bottle covers. Mrs. Neelands reported having received ten completed garments, and others are cut out ready for sewing. Sheets, pillowcases and diapers are urgently needed. Arrangements were made to supply at least some of these needs. A special meeting will be held at the home of Mrs. Curtis Sampson to make plans for the bridge tea, to be held at Government House on February 12. The members pledged themselves to give every possible assistance to the general convenor and her committees.

Mrs. Mugford and Mrs. Archer will represent the Women's Auxiliary at the meeting. In order to avoid clashing with the activities for the bridge tea, the Women's Auxiliary will hold its annual linen shower on February 27, 28 and March 1, instead of in Solarium Week.

Servinus Group

The Servinus Group of the Metropolitan United W.A. met recently at the home of Mrs. T. Hammond when the election of officers took place. The meeting was opened with a short devotional period led by Miss D. Ball, after which reports were given relative to the recent fall fair, Mrs. Welch giving the results of the home-making stall, and Mrs. Barnett the garden.

Child's Three-Piece Outfit

By MARIAN MARTIN

Pattern 9507

A PLAYROOM or schoolroom leader—this spirited outfit for "small fry." For Marian Martin has included three smart pieces in Pattern 9507—a jumper, a blouse and a bolero. The merrily scalloped straps cut in one piece with the front and back are on a straight grain for dreamlike convenience. You might let the jumper open down front so daughter can quickly "dress herself." Or perhaps you prefer just a button trim. Pockets and ruffling look gay on the jumper; the fresh little blouse may have lacy edging and a ribbon bow. Now stitch up the jaunty bolero—and there's a complete three-piece costume. Follow the Sewing Instructor for short-cuts!

Pattern 9507 may be ordered only in children's sizes 4, 6, 8, 10 and 12 size 6 jumper, requires 1½ yards 35-inch fabric, and blouse, ¾ yard contrast.

Send twenty cents (20c) in coin for this Marian Martin pattern. Be sure to write plainly your size, name, address and style number. Send your order to The Daily Colonist, Pattern Department, Victoria, B.C.

ing stall, both of which proved successful. The officers elected are as follows: President, Mrs. J. O. Welch; vice-president, Mrs. R. N. E. Harris; secretary-treasurer, Mrs. F. Kermode; social convenor, Mrs. J. O. Jones; programme convenor, Mrs. H. O. English; membership convenor, Mrs. T. Hammond; press, Mrs. J. E. Barnett; Mrs. G. H. E. Green played a group of delightful pianoforte numbers, after which refreshments were served by the hostess assisted by Mrs. J. O. Welch. On December 13 the Christmas meeting will be held at the home of Mrs. H. O. English, Dewdney Avenue.

Comitas Club

On Wednesday evening, at the home of Miss Rene McHutchon, the Comitas Club held a "white elephant" sale for the club charity fund, instead of the regular programme. Members present were Mrs. H. Johns, Misses Verna Beek, Mary George, Patricia Holden, Rene McHutchon, Louise and Olive Ormond.

Saskatchewan W.A. The Saskatchewan Women's Auxiliary, of Victoria, held a successful court whist party on Thursday evening at the home of Mrs. A. Ball, 3222 Glasgow Avenue. Mrs. J. E.

Cooper was joint hostess. The prize winners were Mrs. C. Shubrook, Mrs. J. J. Moon, Mrs. E. Winter and Mr. H. Anderson. Refreshments were served, and Mrs. F. Greenway sang several solos, accompanied on the piano by Mrs. C. H. Bone. Community singing was enjoyed. The next card social will be held on December 16 at 8 o'clock in the Victoria Women's Institute rooms, 635 Fort Street. Refreshments will be served.

Esquimalt O.E.S.

A successful silver tea and card party was held at the home of Mr. and Mrs. W. Grimes on Wednesday, by the junior members of Esquimalt O.E.S. No. 41. The Christmas cake was won by Miss E. Biles, and the chicken dinner by Mrs. F. Lock, who returned it to be auctioned, then bought it, being the highest bidder. A cheque for \$8 was donated by Mr. J. Ogden Grahame; this increased the proceeds to \$50, this amount being given to the Red Cross.

Women of the Moose

The next meeting of the members of Victoria Chapter No. 25, Women of the Moose, will be held on Monday at 7:30 p.m. in the K. of P. Hall, 1415 Broad Street. At 8:15 p.m. whist will be played, and there will be good prizes.

Spiritualist Church Tea

The ladies of the Open Door Spiritualist Church are arranging a bazaar for Saturday, December 7, in the church hall, Suite 3, 639 Yates Street. Next Wednesday, at 8 p.m., a whist and five hundred party will be held.

Metochos W.A.

Members of the Women's Auxiliary of St. Mary's Church, Metochos, will hold a silver tea, sale of work and home cooking on Wednesday in the Metochos Community Hall.

King's Daughters

The district meeting of the King's Daughters will be held on Monday at 2:30 p.m. in the rooms, Hibben-Bone Bldg.

Women's Institutes

COWICHAN

The Cowichan Women's Institute held a well attended meeting on Wednesday afternoon at the home of Mrs. P. S. Leather, "Meriside," Quamichan Lake. Mrs. A. X. Rey, the president, was in the chair. Arrangements were made for the usual Christmas hampers. A visit will be made to the Queen Alexandra Solarium at Mill Bay, and members will take a Christmas gift for their adopted child there. The members pledged themselves to buy no Japanese oranges this year. Renewed efforts will be made to collect silver paper for the Solarium. A letter of thanks was read from the Red Cross Society for money which the Institute raised from the sale of blankets. It is expected the money will be used to buy wool for refugee knitting.

Little Stories for Bedtime

Sammy Jay Worries

By THORNTON W. BURGESS

It isn't often Sammy Jay worries about anybody but himself. Truth to tell, he doesn't worry about himself very often. You see, Sammy is smart and he knows he is smart. Under that pointed cap he are some of the cleverest wits in all the Green Forest. Sammy seldom worries about himself because he feels quite equal to take care of himself.

But Sammy Jay was worrying now. He was worrying about Lightfoot the Deer. Yes, sir, Sammy Jay was worrying about Lightfoot the Deer. For two days he had been unable to find Lightfoot any trace of Lightfoot. But he did find plenty of hunters with terrible guns. It seemed to him that they were everywhere in the Green Forest. Sammy began to suspect that one of them must have succeeded in killing Lightfoot the Deer.

Sammy knew all of Lightfoot's hiding places. He visited every one of them. Lightfoot wasn't to be found, and no one whom Sammy met had seen Lightfoot for two days. Sammy felt badly. You see, he was very fond of Lightfoot. You remember it was Sammy who warned Lightfoot of the coming of the hunter on the morning when the dreadful hunting season began. Ever since the hunting season had opened Sammy had done his best to make trouble for the hunters. Whenever he had found one of them he had screamed at the top of his voice to warn everyone within hearing just where that hunter was. Once a hunter had lost his temper and shot at Sammy, but Sammy had suspected that something of the kind might happen and he had taken care to keep just out of reach.

Sammy had known about the chasing of Lightfoot by the hounds. Everybody in the Green Forest had known about it. You see, everybody had heard the voices of those hounds. Once Lightfoot had passed right under the trees in which Sammy was sitting, and a few moments later the two hounds had passed with their noses to the ground as they followed Lightfoot's trail. That was the last Sammy had seen of Lightfoot. He had been able to save Lightfoot from the hunters, but he couldn't save him from the hounds.

The more Sammy thought things over the more he worried. "I am kill him or else that they tired afraid those hounds drove him out."

Whenever He Had Found One of Them, He Had Screamed at the Top of His Voice.

where a hunter could get a shot him out and killed him themselves," thought Sammy. "If he were alive somebody certainly would have seen him, and nobody has since the day those hounds chased him. I declare, I have quite lost my appetite worrying about him. If Lightfoot is dead, and I am almost sure he is, the Green Forest will never seem the same."

Next Story—"The Hunting Season Ends."

placing suppositories containing insulin into the rectum or lower end of the large intestine. Tests were carried out on 150 rabbits and on 150 healthy human beings. The action of the insulin sets in soon after the suppositories are placed in the rectum and reaches its full power or strength after thirty or forty minutes, at the end of which time the power of its action drops rapidly. Larger doses of the insulin increase the intensity of the reaction and also prolong it.

The insulin does not have to pass the digestive juices by this method. It is because the digestive juices destroy or lessen the effects that some drugs must be taken by injection.

Christening Ceremony

The baby daughter of Mr. and Mrs. Arthur Matcham was christened recently at St. Mark's Church by Rev. O. L. Jull. The child received the names Dorothy May, and the godparents include Mr. and Mrs. L. Lancaster. The baby, who is the granddaughter of Mrs. H. L. Matcham, 3271 Wascana street, and Mrs. J. Graham, 100 Burnside Road, wore a dainty white silk dress, the gift of her aunt, Mrs. Owen Clover. After the service, Mr. and Mrs. Matcham entertained a few friends at their home, 45 Hampton Road. The christening cake held the place of honor and was a tier of the wedding cake of the baby's parents.

No-Host Party

A no-host party was held at the home of Mrs. W. Arden, Carroll Street, on Thursday afternoon, when friends entertained at a birthday tea in her honor. The guests were entertained with music, and tea was served from a table covered with a hand-crocheted cloth. Assisting in serving were Mrs. Arden's daughters, the Misses Muriel and Dorothy Gibson. The invited guests were Mesdames J. Sullivan, W. H. Cross, R. Marwick, E. Banner (Shirley), F. French, Mrs. Rowe, Misses B. Cane, Vera Bryant, Beatrice Sullivan, Muriel and Dorothy Gibson.

Baby Christened

The infant son of Mr. and Mrs. M. C. Trueman, 3900 Blenkinsop Road, was christened on Sunday at St. Luke's Church, Cedar Hill, Rev. Canon S. Ryall, assisted by Rev. Frederic Pike officiating. The child received the names Mark Edwin Harry, and the godparents are Mr. and Mrs. O. M. Prentice and Mr. Clifford Kennedy. After the service a few friends returned to the home of Mr. and Mrs. Trueman for tea. Mrs. S. Ryall presiding over the tea table and assisted in serving by Miss Kathleen Skidmore and Miss Ruge Prentice.

B.C. GOVERNMENT

UPHELD ON VOTE

Continued from Page 1
ing continued unabated, he declared.

ROWE REPORT

Referring to the Rowe report, Mr. Maitland said the House had not been consulted on what stand the Province should take now. The report laid down the foundation for a new economic policy in Canada. Some such adjustment was inevitable. In last year, British Columbia had collected in excess of \$32,000,000 in revenues, and had still fallen short of its relief costs by over \$200,000. Expenditures for next year were being boosted again, and retrenchment was nowhere in evidence.

"Clearly some adjustments should be made between the Dominion and the Provinces. We are going through the most troublesome times of our history, and the only spirit in which to approach this thing is in the spirit of sacrifice. If the Premier approaches the conference at Ottawa in the mood he was in the other day, or in the tone in which he spoke in the House last night, I have very little hope of the outcome. I said that we are likely to be 'hamstrung' or 'sold down the river.' If we go into this thing in the spirit of sacrifice, it becomes a war and not a conference at all," Mr. Maitland said.

FOR ALL CANADA

"Why, one would think that the report applies to British Columbia alone. It applies to the Prairies, to the Maritimes, to every section of Canada in the East and in the West. History will say whether or not in our day and generation we did the big thing, or whether we played politics," the leader of the Opposition declared.

Mr. Maitland said that he and his party favored creation of a highway commission. Roads were an investment, better roads the best investment. Opening of the Big Bend Highway had brought \$5,000,000 of tourist revenues in the first brief season. Throughout the province there was endorsement of such a commission. On the eve of an election, the voters of the Interior had been promised completion of the Hope-Princeton Highway without fail. It was still uncompleted.

On the Kingston-Radium route, the Government had agreed with Ottawa to call competitive public tenders. Instead, work had been carried out in successive years by selective bidding, with Ottawa complaining of excessive costs and the Province making up the difference. In one instance, to the contractors. He would leave it to the public whether or not such management

should be continued, Mr. Maitland declared.

NO REDUCTIONS

He could not congratulate the administration on the Budget. The Province had been fortunate in having tremendous revenues coming in, as a result of industrial advance and "war" expenditures. No sacrifices of any nature had been made. After the slump of 1929, in the lean years of 1932 and 1933, the previous administration had cut \$7,000,000 from provincial expenditures.

Minister of Finance—You took most of it from the municipalities. Mr. Maitland—We did not. We reduced aid to the municipalities by some necessary amounts, but we took \$900,000 from the Attorney-General's Department alone, and \$7,000,000 from Government departments as a whole.

"We knew we were losing votes, but there is something more important than losing votes. The Premier may laugh at that, but I would rather have a clear conscience than a majority of votes. We made cuts, and in all conscience we have to make them today. At Ottawa, Mr. Hiley says that the Dominion reduced non-war expenditures by \$29,000,000 in the first six months of this year. Will anyone say that that was not necessary?" Mr. Maitland declared.

PROVINCE LUCKY

"The people of the province are budgeting. There is not a man who does not have to sit down and figure out how he is going to get by. There is not anyone who does not have to lay aside something month by month in order to meet outlays he knows lie ahead. But on we go in this mad wild and extravagant manner, without any cuts at all. I cannot congratulate the Minister of Finance. I say that he was lucky. I say that his estimated revenues were, between \$32,000,000 and \$37,000,000 in each year between 1935 and 1937," Mr. Maitland declared.

Premier Pattullo—I will tell my honorable friend that the administration of which he was a member padded their revenues.

Mr. Maitland—The present Minister of Finance was \$23,510,000 out in his estimations of revenue over the last seven years, and here we are again, with gross revenues of \$35,000,000 expected next year. The Province is going on with its expenditures. It looks to me like a war between this Province and the Dominion, and heaven forbid that any government should succeed in that.

"Mr. Churchill, addressing an older Parliament, said: 'I have nothing to offer but toil, tears and sweat.' Compare that with the comfort, luxuries and extravagance of the conditions under which we are living. We have to win this war. It means to us liberty or slavery, the Empire or no Empire, and everything for which our lives stand." Mr. Maitland declared, moving his want of confidence amendment, seconded by Rolf Bruhn (Cons., Salmon Arm).

AMENDMENT SECONDED

Mr. Bruhn said the return of Provincial revenues to higher levels had been due to trade factors, and to wartime developments, without particular credit to anyone. The Provincial service could cut expenditures if it would. Nearly \$1,000,000 had been spent on traveling expenses alone. The present administration had collected over the whole period in excess of \$37,000,000 from motor revenues, including the gasoline tax. People wondered what was being done with the money.

Mr. Bruhn commended the Provincial Secretary, who, he said, had administered his departments ably. There should be no reductions in social services, or in health and welfare work. If the Province had the courage to do so, there was no better time than the present to reduce other expenditures and eliminate non-essential things. Faced with a major depression, the Tolmie regime had done so, cutting \$7,000,000 from provincial outlays in

MINING STEADY

Gold production in British Columbia had increased by 135 per cent in twenty-five years; and lead by 1,000 per cent. Base metal mines were busy with war production, and provincial mining engineers were lending every assistance possible. Mercury deposits had been opened, and were being worked successfully. Attention had been paid to prospecting, and to youth training in the geological field. Many men so trained had secured direct employment, and others had enlisted for war service. Industry might have done more to absorb young men so trained, he added. Eighty-two old mines had been reopened through metallurgical advance; and several new ones.

Mr. Asselstine told of war supply contracts, stating a provincial representative stationed at Ottawa had been successful and non-political in his mission. For the post-war period he advocated prospecting on a large scale to give employment to suitable men returning from the front. Surveys made now could assist in any such programme, and build up a larger and more permanent industry in the province.

Mr. Asselstine lived against importation of citrus fruits in wartime, when dollar exchange was scarce. In closing, he said he had full confidence in the administration of Premier Pattullo, and was proud to be associated with the Government.

ROSSLAND REFUNDING

When the House resumed, Mr. Burns told of the efforts made by Rossland City to meet its municipal burdens in the last few years. If the province, he said, would grant the House, the city could carry on, with normal provincial grants. Once a gold mining center, Rossland had shipped out over \$30,000,000 in the past years, but was now served by a few subsisting mining operations.

Mr. Burns praised the Budget, and said that health insurance had not been forgotten.

HEAVY FIR CUT

Timber cutting of 3,300,000,000 board feet yearly was placing a heavy drain on the natural wealth of the province, with depletion in fir stocks to be guarded against by reforestation and other means, if necessary. Upwards of 75,000 acres of land were being logged clear annually, at that rate of consumption.

DIVISION CALLED

Harold E. Winch, as C.C.F. leader, announced that his party would support the administration on the issue. Action, he said, could be taken during review of the estimates. The first division of the session followed, the administration being sustained by 35 to 6 on a standing count. The division was recorded as follows:

For the amendment: Messrs. Pattullo, Hart, Wismer, Weir, MacDonald, Gray, Pearson, Asselstine, Leary, Tupper, Murray, Connolly, Forester, Strachan, Henniger, Johnson, Putnam, Kenney, Burns, Carson, Gillis, (Mrs.) Smith, Braden, McGrath, McGee, King, Bull, LeBourdais (Liberals); Uphill (Labor); and H. E. Winch E. E. Winch, (Mrs.) Steeves, (Mrs.) Jamieson, Cameron, Guthrie (C.C.F.).—35. The whips announced as pairs Messrs. Strath and Hunter, and Perry and Telford.

MINISTER OF MINES

The House resumed the budget debate after defeat of the amendment, Hon. W. J. Asselstine gave a brisk review of his two departments, Trade and Mines. Of the former he said that no loans had been made by the Department of Trade since 1938. Such industrial loans as were outstanding were considered to be in a fair position, and largely recoverable.

The Bureau of Trade Extension had done good work in assisting industry, and had been helpful in securing a start of a new hemlock export plant at New Westminster, with British capital. A bid had been made for more heavy industries, but the war programme in Britain had intervened. Cascaro trees were being planted under forestry auspices.

"The Bureau of Economics and Statistics," he said, "is fulfilling the mission, and the Travel Bureau had achieved considerable success through advertising abroad, exhibits at the San Francisco Fair, and follow-up work among thousands of people who had visited that exhibition. Tourist trade had slumped in July, due to misunderstandings over border regulations, but had later returned to more normal conditions. The highways, always impracticable, were at least in reasonable condition, and traveled."

MINING EXPANSION

Continuing, Mr. Asselstine said mining had proved to be one of the backbones of the province this year. Gold recoveries of \$24,000,000 were anticipated; with heavy production in lead and zinc in the base metal division. Copper smelting and a steel industry were desirable, but private initiative would not likely attempt such moves at the present state of the world. In any event, he believed that the Dominion

British Broadcasting Corporation said today that messages from Belgrade had reported the capture by the Greeks of the Italian Albanian base of Pogradet.

BRITISH BOMBERS BUSY

SALONIKA, Greece, Nov. 22 (AP)—British bombers rained explosives on the lines of retreat of the Italians leaving the Koritza area and shot down at least forty Fascist planes during the last few days, according to reports reaching here today.

Italian communication lines were bombed from Koritza, which the Greek troops occupied today, to the Albanian coastal ports, mostly in night operations with the aid of bright moonlight, it was reported. Major highways and railways were comparatively easy to trace in the rough mountain country, pilots reported. Especially was this true on routes clogged with Fascist troops and equipment, they said.

The fall of Koritza touched off a tumultuous celebration here. Crowds massed in the streets singing and shouting.

R.A.F. ACTION IN AFRICA

CAIRO, Egypt, Nov. 22 (AP)—The Royal Air Force communiqué said Friday:

"R.A.F. bombers raided Tepeleni, Albania, yesterday. Bogha fell in the target area, but the extent of damage could not be observed. Reconnaissance were carried out over enemy territory and valuable data obtained."

"On the night of November 20-21, Bengasi, Berka and Benina were raided. At Bengasi bombs fell near three ships previously attacked, and a direct hit was registered on the customs house. A large building also received a direct hit, blowing up with a violent explosion."

"At Berka one large barracks building was set afire, and a large number of aircraft dispersed on the ground are believed to have been severely damaged by small bombs and machine-gun fire."

THREE CENTRES BOMBED

"In Italian East Africa, Gura, Massawa and Asmara were raided on the night of November 20-21. Bombs fell in the target area at Gura, and also at Massawa, but a low cloud prevented observation of the damage."

"Hankara were attacked at Asmara, but here also it was impossible to assess the damage owing to the weather."

"Enemy bombers dropped a number of high explosives and incendiaries."

FOUR PETITIONS ARE PRESENTED

Provincial Council Offers Proposed Legislation to Cabinet Members

Received by members of the Cabinet, including Premier Pattullo, Hon. John Hart and Hon. Dr. G. M. Weir, representatives of the Provincial Council of Women presented four petitions dealing with accident prevention legislation, the saying of the Lord's Prayer in schools, traffic safety education, and liquor legislation, to the Government at the Parliament Buildings yesterday.

The presentation of the petitions followed a meeting of the Provincial Council representatives at the Y.W.O.A. Thursday, when delegates from Vancouver, Victoria, New Westminster, Nanaimo, Kamloops and North Shore (Vancouver) Local Councils attended.

Mrs. Paul Smith, M.P.P., Vancouver, introduced Provincial Council President Mrs. F. J. Rolston to the Cabinet members. Mrs. Rolston introduced the other delegates in turn.

ACCIDENT PREVENTION

Mrs. A. C. Ross, Victoria, presented the petition dealing with the proposed legislation of accident prevention. The proposal concerning the reading of the Lord's Prayer in schools in the province was dealt with by Miss Van Buren, New Westminster council member, while the liquor question, pertaining to dry canteens for the soldiers, was mentioned by Mrs. James Gray. Mrs. D. L. MacLaurin, Victoria, presented the matter of traffic education to the Government.

Mrs. Crump, president of the Local Women's Council of Vancouver, expressed her appreciation to Mr. Pattullo and the Government for the erection of the new women's prison at Oakalla.

The delegation expressed themselves as being most satisfied with the reception given them, and the promise of consideration of their petitions. An expression of appreciation for the audience was given by Mrs. Rolston.

CONSTRUCTION ON INCREASE

Real Estate Board Report Indicates Favorable Trend in Building

Hubert Lethaby, secretary of the Real Estate Board of Victoria, at the regular luncheon meeting of the board yesterday in Spencer's private dining-room, read a report on real estate conditions existing in Victoria and adjacent municipalities for the first ten months of the year.

"It is only fair that the landlord may charge such a rent for his premises as the prospective tenant will pay, rather than be restricted by the pegging of his rental charge by an outside force," said Mr. Lethaby, in dealing with the activities of the Rental Control Board in his report.

The speaker commented that Alex Lockley and Reeve R. R. Taylor, of Esquimalt and Oak Bay respectively, who attended the luncheon, on the excellent condition of their municipalities with regard to real estate conditions in each. Building permits for the first ten months of the year showed a decided increase over those issued for the same period last year. In Victoria 672 permits had been issued, with a total value of \$1,478,763. In Oak Bay 230 permits had been issued, totaling in value \$570,815; for Saanich there were 573 permits, valued at \$745,717; and seventy-three permits for Esquimalt, at \$122,302; a total of 1,555 permits issued, with a total value of \$2,917,597.

"The strides made by Victoria and district during war times in building construction are tremendous," the speaker said. "Rather than deterring construction, the opposite seems to be the case. So far there has been an increase of 292 houses built this year over last year, an aggregate total of 691 houses for the four districts, having a value of \$1,862,933."

Mr. Lethaby said that the results of a survey showed the city was by no means over-built, with a shortage in duplexes and apartments in particular. There is a scarcity of furnished houses and apartments, particularly due to the influx of Far-East refugees, and the advent of military men with their families.

While relief tenants have almost entirely disappeared from the city, the situation concerning rentals has made no appreciable change, comparing favorably with 1939.

The payments of municipal taxes shows steady improvement. Percentage of payments for the first ten months of the year shows an increase of 3.5 per cent over last year, of the total amount levied.

Tax auction sales show a decided decrease as against preceding years, while tax arrears collectible show an increase, to \$438 per cent from 49.1 per cent for last year.

Mr. Lethaby said that taxes per individual should be lower this year as against last year, due to lower

assessments on properties while the tax rate remains constant.

OBJECTS TO TAX
Major H. C. Holmes, chairman of the committee investigating tax charges on properties owned by those outside the Dominion, said that a letter was being sent to the authorities in Ottawa objecting to the 5 per cent tax on gross rentals on such properties. He said that such a tax would eat up all possible returns after maintenance charges had been deducted.

Adam Bell, deputy minister of labor, invited a delegation from the board to see him to discuss the proposed increase in wages paid to janitors. "The new increase would have a minimum of 5-dollars per month, or 10 per cent of present salaries."

Mr. Bridgman, chairman of the board, reported that a delegation of the board had discussed with Attorney-General Wagner the proposed moratorium for men in uniform. He stated that the proposed

Second Group of Trainees Arrives At Gordon Head

The Gordon Head militia training centre was a hive of activity again yesterday, when the second group of young trainees to occupy the camp moved in for their thirty-day period of instruction in soldiering. Of the 1,000 youths—mainly

twenty-two years old, with a few in the twenty-three-year class—about 800 arrived from Vancouver aboard the Princess Victoria at 8:00 a.m. yesterday, and were transported to the camp by bus. The remaining 200, made up of Victoria and Up-Island trainees, were transported to the camp in the afternoon, after reporting to the Bay Street Armoury at 3:00 p.m.

On arrival at the camp, the lads were given the customary thorough medical inspection. Assisting the

regular army doctors, who included Captain J. D. Hunter, M.P.P., were Dr. David Bertram, Dr. Lloyd Mc-Niven, Dr. J. W. Lenzox, Dr. d. A. Bird and Dr. D. Alcorn. Lieut.-Col. T. B. Monk, camp commandant, welcomed the arrival of the trainees.

THE REAL REASON
"I was sorry for your wife during the sermon," said one parishioner. "She had a terrible fit of coughing, and everybody was looking at her."

"You needn't feel sorry," said the other, dryly. "She was wearing her new hat for the first time."

CITES U.S. AND BRITISH-ISRAEL

Rev. S. R. Orr to Discuss Relations of America and Great Britain

On Sunday last Rev. S. R. Orr announced that he would shortly be leaving Canada for New Zealand, but arrangements would be made to carry on the lectures at the Crystal Garden each Sunday evening. The first of a series of three final lectures by Mr. Orr will be given this coming Sunday, when his subject is "United States Congress Examines British-Israel." He will show how the subject matter of the Israel message was presented to the 1940 Congress and read into the Congressional record as the motive and inspiration of the present movement in the U.S.A. to bring that nation and Britain again together.

He will deal with the following questions: "How is it explained that the exact symbol of the British-Israel movement is upon the great seal of the United States and its dollar bill? Why should the responsibility of this fact be placed upon England?" "Was the idea of the British Commonwealth of Nations originated in United States and was its ultimate object to be the inclusion of America in the Federated family of nations?" "Are the international bankers financing the British-Israel movement in U.S.A., and what foundation is there for this statement being made before the United States Congress?"

CHAPTER XXIII

District Attorney Mitchell was not exactly formal. He stood near the middle of the great room, and said, "I may want to question you separately later, but now I will only ask for a few items of general information. Who of you were here in this room when Mr. Forrest fell to the floor? Please rise."

They counted five—Emeralds, Buzy, Austin, Sayre and Haskell. "There was no one else in the room except Mr. Vivian Forrest!" After a pause, Austin answered. "No one else."

Mitchell continued to address him. "Were many of you practicing your fencing stunts?"

"No," Austin told him. "No one was using foils but my brother and his wife."

"You are having a tournament here, I understand?"

"We planned to. But of course it will not take place now. The invitations must be recalled."

"Yes, yes. Now, Mrs. Forrest, as

"Miss Fane will tell her own story," Mitchell reminded him. "What did you do next?"

"Why I—I don't know. I jumped up, and went over toward Vivian, and I saw blood on Miss Fane's white gown, and I knelt down and lifted Vivian's head, and it sort of fell over, and I knew he was dead or dying."

"Where was Miss Fane then?"

Austin wanted to say, "She will tell her own story," but he felt it was no time for such a retort.

"I don't know where she went," he answered. "I paid no attention to anything but my brother's condition. He seemed to be trying to say something and I listened, but I couldn't make out the word."

"I could!" came Buzy's chirpy little voice. "I was right back of the Austin, and I heard Vivian say, 'He did it! I knew he would!' and then he sort of choked and didn't say any more."

"You will be questioned in your turn, Miss Kirk," Mitchell said. "Did the words sound like that, Mr. Forrest?"

"Not the least bit in the world," Austin replied. "I think he wasn't entirely conscious. He had been practicing a difficult play for some days, and I think he had succeeded, and was saying something like, 'I did it! I knew I could!' But this is all problematical, and of no importance anyway."

"Go on, Mr. Forrest, and then?"

"Then my brother gave a slight gasp and a long-drawn sigh, and died."

Austin's voice was steady and gentle, and the expression on his face was stoical but by no means callous. He was repressing his feelings, but quite evidently by a strong effort. Mitchell paid nothing further to him, but he called on Brandon Sayre.

"You are visiting here?" he asked.

"Yes."

"You are a fencer?"

"Yes."

"Tell me anything you saw or heard as you stood in the hall doorway while Mr. and Mrs. Forrest were fencing?"

"At first, I saw or heard nothing unusual or startling," Sayre said

slowly. "I was looking at the fence, casually, but not specially, as I was about to go to the table where Austin Forrest was sitting."

"Did you go?"

"No; just then I saw Vivian Forrest begin to tremble a little, as if he were ill, and I watched him, but I thought he recovered himself. Mrs. Forrest left the room just then, and I noticed Vivian quivering again, as if with some sort of pain. And then he sank down slowly, as if unable to help himself at all, and Miss Fane suddenly appeared, and almost instantly she said, 'He is dead.'"

"You went to the head man?"

"I did. I have some medical knowledge, and I knew he had been taking drops of some sort, so I feared he had some illness that had proved fatal."

"You examined him?"

"Oh, not that, but Austin said the drops were for anti-blindness, so I looked into Vivian's eyes."

"And you found?"

"Nothing wrong. His eyes were all right."

"The pupils were of normal size?"

"Yes."

"Thank you, Mr. Sayre, your statements are of value. Miss Kirk, please answer a few questions."

"Yes, Mr. Mitchell. Oh, I know a lot about it all."

Guest Preacher at St. Paul's Presbyterian

In the absence of the minister, Rev. James Hyde, both the services at St. Paul's Presbyterian Church, Victoria West, will be conducted on Sunday by Miss C. J. Bando, secretary of the World Dominion Movement.

The subject for the morning will be "The Missionary Revival in the World of Today," and in the evening "The Golden Casket," an illustrated address having as its main theme the Bible from its earliest times to the present day. The Equinix Sunday School meets at 2:30 p.m. at 1280 Park Terrace.

THEOSOPHICAL SOCIETY

"Religion of the Future" is the subject for discussion at the usual Monday evening meeting of the Victoria Theosophical Society. The members will discuss whether there will be one world religion and if so, what form it will take. The meeting will begin at 8 o'clock in Room 204, Jones Building.

ALEXIS MISSION

The Spiritual Mission of Alexis meets on Sunday, at 1416 Douglas Street. At 7:30 the control "Alexis" will speak on "The Armies of God. How They Are—Protecting His Cause." At the close of this service a few messages will be given. On Thursday, at 8 o'clock, the usual

healing and message circle will be held at 1042 Balmoral Road. A welcome is extended to all.

ABSOLUTE SCIENCE

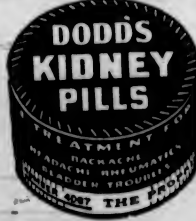

The Sunday service at the House of True Prayer, 2315 Fernwood Road, will be held tomorrow at 2:30 o'clock. There will be a healing service. Owing to this special meeting, the regular morning service will be omitted. On Tuesday evening, the Emerson Club meets for meditation and reading of "Emerson's Essays." All students of absolute science are welcome.

I've just heard of a horse-breeder who's had all his animals stolen. That's carrying the missing stud joke a bit too far.

Topic at Tabernacle "Doing a Great Work"

"Doing a Great Work" will be the 11 a.m. sermon topic tomorrow of Rev. F. M. Landis, pastor of the Gospel Tabernacle of the Christian and Missionary Alliance, 1089 Yates Street, near Cook Street. The 7:45 p.m. theme will be "Men and Nations: Repent!"

A pompous individual was visiting an English school one day and was asked to quiz the children on geography. He began: "What is the capital of Holland?" "H!" was the crushing rejoinder from someone in the back row.

Balmy Beach and Ottawa Expected To Gain the Final

Toronto Gridders Heavy Favorites Over Sarnia Battery in Second Play-Off Game Today—Rough Riders Face Argos—East-West Match Still Undecided

TORONTO, Nov. 22 (CP).—The immediate business of the East's four surviving football teams is important enough, but they might be pardoned for wondering what happens after tomorrow's games to decide the participants in the Eastern final.

There was little, if any, money around to question the confidence of Ottawa Rough Riders and Toronto Balmy Beach that they would win the Inter-Provincial and Ontario Union championships, respectively, at Toronto, and Sarnia tomorrow. The champion Riders play Toronto Argonauts and Beaches tackle Sarnia Battery.

The possibility of an East-West clash received another blow last night when President John Banner, of the Canadian Rugby Union, said, after a wire poll of the Union, that it could not support or approve as a body the game proposed by the Sports Service League.

There was a lingering hope, how-

ever, that whoever wins the Eastern championship would agree to a game against the West. Balmy Beach have said they would, Ottawa have said they wouldn't unless it was arranged by the C.R.U., and Sarnia and Argos have been quiet on the subject. Right now it looks like Ottawa and Beaches in the Eastern final.

BIG MARGINS

Stating the position of Argonauts and Sarnia as precarious was putting it mildly. The Argos, who have scored eighteen points and have had sixty-seven scored against them in three games with the Riders, must win by twelve points; Sarnia have to make thirteen more than Beaches.

Both games may be decided in the first few minutes. There is little doubt that the Argos and the Battery will open, or attempt to open, their offensive the first time they lay hands on the ball. If the Riders and Beaches hold off the first thrust without damage, they should be able to coast in.

One of Toronto's Best Scoring Lines

That's "Galloping Gus" Marker, Pete Langelle and Henry George Goldup, product of the modern hockey school, draw few penalties, seldom exchange gloves, give their coach few headaches. Goldup, like Marker, is a staid, married man, and when he fills out, gets his growth and some fat on his ribs, is expected to cut a wide hockey swath. Marker is the experimentalist of the team who appears to have solved the secret of perpetual youth. Since he joined the Leafs three seasons back, a castaway from the old Maroons, Marker has annually out-galloped every youngling on the team.

JENKINS PUTS AWAY LELLO EARLY AFTER TWO-FISTED ATTACK

Retains World's Lightweight Boxing Crown by Stopping Challenger in Second Round—Lello Goes Down Three Times for Nine Counts—Large Crowd in Attendance

NEW YORK, Nov. 22 (AP).—Texas' Lewis Jenkins exploded his native dynamite against the chin of Chicago's Pete Lello in a hurry tonight and retained his world's lightweight championship with a knockout in the second round of their fifteen-round contest in Madison Square Garden.

Jenkins weighed 131½, and Lello 134½.

Falling away as soon as the second round opened, after a slow "feeling-out" first heat, Jenkins not only kept a tight hold on his share of the 135-pound laurels—as recognized in New York, California and several other spots—but also gained revenge for a knockout defeat he suffered a year and a half ago.

He walked out at the bell for the second heat "drugged" Lello in mid-ring with a snapping left hook to the chin for a nine count. He floored him again for nine more with a smashing right near Lello's own corner, repeated the procedure near a neutral corner with a two-fisted attack for nine more. Then, when he had put Lello down for the fourth time in the round, Referee Arthur Donovan halted the proceedings.

The time was 2:37 of the second round, and a good-sized crowd whistled and cheered at the finish. There really wasn't much to it. Even without the services of his manager, Hymie Caplin, Jenkins found no trouble in disposing of this

first challenge to his right to rule. Hymie was being questioned by District Attorney William O'Dwyer in Brooklyn in connection with a card swindle investigation and couldn't make the fight.

WINS WITH EASE

But the sweet swatter from Sweetwater took the first round by a fairly comfortable margin, scoring with several rights to the head and a good solid left uppercut to the mouth.

Jenkins had claimed that he was a hungry, weak kid when Lello caught him in Chicago, and had been waiting ever since for tonight's get-together.

The left hand with which he knocked the one-time Gary, Ind., champion down the first time was like a kick from one of the army mules he used to abuse. As Lello got up, Referee Donovan stepped in to wipe off his gloves. Before he could stop clear, Jenkins reached over and planted a thumping right on Lello's chin.

For a moment there was a brood and Donovan should a warning at Lello. Then he waved them together again and the rest was short.

Despite his knockout victory tonight and the kyo with which he decked Lello, Lewis Ambers several months ago, Jenkins still has to share a portion of the lightweight throne. Sammy Angott, of Louisville and Pittsburgh, is recognized as boss by the National Boxing Association.

HOWE HOLDS TOP POSITION

Detroit Veteran Leading National Ice Hockey League Scorers

By The Canadian Press
Detroit's Syd Howe maintained a two-point margin over his closest opposition and among National Hockey League pointmen Thursday night despite the fact he did not figure in the scoring as Red Wings defeated Montreal Canadiens, 2-1. Syl Apps and Gordie Drillon, of Toronto Maple Leafs, split the goals as Leafs won, 2-1, against New York Americans, drawing into a second-place tie with George Allen and Mush March, of Chicago, who were held pointless as Black Hawks lost 2-0 to Boston Bruins.

Fivepin Bowler Breaks Record At Local Alleys

A SPARE in the second frame robbed Don McCaig, member of the Victoria Meat Market squad in the Packers' Fivepin Bowling League, of a perfect game during a regulation match on Thursday night at the Olympic Alleys. McCaig missed the \$100 each prize which the management gives to any player making a perfect score in either ten or fivepins. Don started off with a strike in the first frame, then got his spare, and went on to strike out the rest of the route, which gave him eleven strikes and a spare. This is the highest league total ever rolled at the alleys.

THE IRON MAN - OFF FRANCE General C. Alphonse Trezel TOOK PART IN 22 CAMPAIGNS FOUGHT 309 BATTLES - WOUNDED ONCE IN EVERY BATTLE - AND LIVED TO THE AGE OF 80

NEW YORK, Nov. 22 (AP).—The "hall of fame" idea is spreading since the baseball people thought it up, and by next Summer United States golfers will have a full-fledged shrine of their own. It was learned today from Freddie Corcoran of the Professional Golfers' Association.

A committee of newspaper golf writers is being formed to write on the nominees, and the P.G.A. is

W. Johnston, ace local trundler, is top man in more ways than one at the Olympic Alleys. In addition to being president of the Commercial Tenpin Trundlers at the Yates Street runways, Johnston is setting the pace in the first quarter averages.

Official figures released yesterday by Secretary George Curt, show Johnston, Bill Hancock and "Chuck" Holmes leading the pinuppling parade each with an average of 181 for eighteen games.

In second place, one point behind the three leaders, is Percy Sherrett, while Bill Mowat and Art Borthwick are bracketed in third place with marks of 175. Fourth position in the early standings is held by C. Marks with an average of 174.

"Chuck" Holmes, rolling as a member of the Monarchs, is top single game pinuppler with a score of 238, while high man for three games is Bill Hancock with the splendid total of 641.

In the first quarter league standings Palm Dairies Ltd. and Modern Shoe teams are setting the pace, holding leading berths in the "A" and "B" sections, respectively. Standing of the teams follow:

Johnston, Hancock And Holmes on Top At Olympic Alleys

Lead Commercial Tenpin Averages at Yates Street Runways With Mark of 181 for Eighteen Games — Percy Sherrett Is In Second Place — Team Standings Announced

W. Johnston, ace local trundler, is top man in more ways than one at the Olympic Alleys. In addition to being president of the Commercial Tenpin Trundlers at the Yates Street runways, Johnston is setting the pace in the first quarter averages.

Official figures released yesterday by Secretary George Curt, show Johnston, Bill Hancock and "Chuck" Holmes leading the pinuppling parade each with an average of 181 for eighteen games.

In second place, one point behind the three leaders, is Percy Sherrett, while Bill Mowat and Art Borthwick are bracketed in third place with marks of 175. Fourth position in the early standings is held by C. Marks with an average of 174.

"Chuck" Holmes, rolling as a member of the Monarchs, is top single game pinuppler with a score of 238, while high man for three games is Bill Hancock with the splendid total of 641.

In the first quarter league standings Palm Dairies Ltd. and Modern Shoe teams are setting the pace, holding leading berths in the "A" and "B" sections, respectively. Standing of the teams follow:

CORNELL TO FACE PENN

Out to Regain Lost Prestige Today After Last Week's Game

NEW YORK, Nov. 22 (AP).—Defeated and dejected in the famous "recount" of last week-end, Cornell's football team has its final chance tomorrow to regain prestige as leading United States gridiron power in its game with Pennsylvania at Philadelphia.

Because of the publicity attending the mix-up at Hanover, N.H., from which Dartmouth finally emerged the 3-0 victor forty-eight hours after the closing game, the affair at Franklin Field may cause wider interest than such standbys at Ohio State-Michigan, Yale-Harvard, Minnesota-Wisconsin, Notre Dame-Northwestern and Tennessee-Kentucky.

Cornell, its long string of victories finally broken, will have to beat Penn decisively to win back the acclaim it enjoyed up to the Dartmouth "fifth down" dispute and to gain final standing among the four or five "great" teams. That will be no easy job, for Penn has lost only to Michigan and showed tremendous power in overrunning Army, 48-0, last Saturday.

Of the few remaining unbeaten and untied "big" teams, Minnesota finds itself in the most trying spot in its tussle with Wisconsin. By winning this one, the Golden Gophers can round out a record of eight straight victories in gaining the Western Conference championship. But Wisconsin has won its last three Conference battles and will be loaded for this one.

West's Defence Star To Play Today

CHARLIE RESTELL

GREENSHIRT'S halfback, who will be on the starting line-up this afternoon at Royal Athletic Park, when the Wests stack up against the Samuels Thibaults in a Garrison Cup football match, Wests are leading the race for the silverware and will probably rule slight favorites over the suburbanites. Thibaults, however, have a smart young club, and the players should give a good account of themselves against the league leaders, Victoria City and the Rangers are booked for the day's second battle at Heywood Avenue, where soccer followers should witness an interesting game. Kick-offs are set for 2:30 o'clock.

J.B.A.A. TO TRAIN

GRID GAME SET TODAY

Vancouver Faces Invading Calgary Bronks on Mainland

VANCOUVER, Nov. 22 (CP).—With two weeks of intensive training under their collective belts, Vancouver Bulldogs set themselves tonight for an exhibition clash tomorrow with the powerful Calgary Bronks in a Canadian football game they hope will put British Columbia back in the grid limelight.

The Bronks arrive on mass tomorrow morning, but word of their power has preceded them here. However, the Bulldogs are far from willing to concede defeat. Tonight the betting is that Calgary will probably take the game—but by a margin of less than six points.

The Vancouver representatives place much of their faith in Johnny Pearson, kicking end, who had a punting average of fifty yards with the University of British Columbia last season. Others who will probably do heavy duty in the game are Maury Van Vleet, U.B.C. athletic director who had been whipping the Bulldogs into shape, and Joe Hudak, former United States West Coast star, who will play left guard.

Van Vleet, lightest man on the team at 146, was once named All-Coast back when he played for Oregon in 1934-35. He plans to go in at right back tomorrow. The Bulldogs boast eight members who starred with the U.B.C. Thunderbirds, who went through the 1939 schedule without a defeat. Their line averages 189 pounds and the backfield 179.

THE LINE-UPS

Here are the teams—

Calgary Bronks — Bob Cogrove, Jack Lawrence, Irvine Kelsey, Gordon Gehl, Dick Haughan, Larry Haynes, Hal Harrison, Walfie Hughes, Jimmy Gilkes, Joe Turner, Bill Wasyk, Ed Rovig.

Vancouver Bulldogs — Lee Strait, Joe Hudak, Russ Leathem, Henry Stradiotti, Joe Jey, John Pearson, Stan Laycock, Maury Van Vleet, Fred Joplin, Jim Harmer, Gennie Smith, Norm Modine.

Calgary Subs — Backs: Paul Rowe, Martin Alford, Ron Mitchell, Carl Condon, Tom Dalhousen, George Alexander, Bob Prece, Linemen: Steady Adams, Denny Layzell, Russ Rennie, Louis Rimstad, Mort Van Ostrand, Bob Harrison, Dave Stark.

Vancouver Subs — Backs: Jack Labrie, Tommy Williams, Harry Bullock, Andy Laid, Graham Finlay, Jack Dempster, Ed Macvey, Linemen: Lou Morin, Norm Giffen, Andy Prozenzano, Eric Smith, Frank Wallace, Bob Curry, Alf Mostead, Jack Wallace, Jack Tucker, Jack Kinney.

\$5,000 Handicap Is Carded Today

BOWIE, Md., Nov. 22 (AP).—An event which has been named today for tomorrow's running of the \$5,000 Added Prince Georges Autumn Handicap at a mile and a sixteenth. Given most consideration on the overnight line were Blair Stud's Duke Fox at 118 pounds, and Conny Smythe's Sir Mariboro, topweight at 119 pounds. The Toronto sportsman's entry won the \$5,000 Added Lynch Memorial Handicap here last Saturday.

FLETCHER NAMED GOLF PRESIDENT

Doug Fletcher was re-elected president of the Uplands Golf Club for the next year at the committee meeting held in the clubhouse during the week. Bob Williams, of Victoria, won a decision from Dick Dow, formerly of Lethbridge, Alta., in a first-round featherweight division bout at the second annual Golden Gloves amateur boxing championship here tonight.

Winners of the tournament, to decide British Columbia champions, will enter the Golden Gloves tournament at Seattle.

Jimmy Demout, of Port Alberni, won a decision from Nino Barichello, Vancouver, in his three-round lightweight match, while Vic Murdoch, of Victoria, lost a decision to Jackie Turner, of Grandview Athletic Club, Vancouver, in a flyweight event.

Two inter-British Columbia boxers passed first-round events and will box in final rounds tomorrow night.

Andy Bryd, of Burnaby, defeated Jimmy Crook, of Vancouver, in a bantamweight match, and Hans Egil, of Keremeos, defeated Ronnie Whalley, of Vancouver, in a middleweight bout. Ernie Venbraman defeated Terry Dwyer, of Nanaimo, in a lightweight match.

Will Lead Scottish Rugburs Today

LIEUT. CAMPBELL FORBES

PLAYING captain of the 2nd Battalion, Canadian Scottish Regiment, Lieut. Campbell Forbes will lead his clubmates into battle this afternoon against the Royal Canadian Navy. Scene of the inter-unit clash will be Macdonald Park, and the kick-off time is 2:30 o'clock. Victoria College and Oak Bay Wanderers, intermediate fifteens, open the double-header, when they swing into action on the lower field at the James Bay enclosure at 2:00 o'clock.

"What—all girls and no boys?" "I'm afraid so. There will be no one to carry on the family name."

"And what's your name?" "Smith."

C.I.O. LEADER TAKES OFFICE

Philip Murray Succeeds John L. Lewis as President—Urges Internal Unity

ATLANTIC CITY, N.J., Nov. 22 (AP).—The Congress of Industrial Organizations wound up its third annual convention today.

Pleas for internal unity in the organization were made by Philip Murray, who was installed as the new president, and John L. Lewis, who stepped down from the presidency.

In its closing minutes the convention heard a moving farewell speech from John L. Lewis. Speaking in the third person, Lewis declared even those who had disagreed with his policies would have to accept the conclusion that "whether he—meaning myself—was right or wrong, at least his heart was in the right place."

By stepping down as C.I.O. president, Lewis made good a pre-convention pledge to resign if President Roosevelt was re-elected.

NOT HASTE FOR PEACE

Before closing the meeting, Murray promised he would not rush into an immediate settlement with the American Federation of Labor and protested "against use of Government pressure in an effort to force a shotgun settlement" with the A.F. of L.

The C.I.O.'s new leader came into the labor movement from the coal mines, as did Lewis. A quiet-spoken fifty-four-year-old Pittsburgh labor figure, he has been a close associate of Lewis for three decades.

The C.I.O. presidency pays no salary. Murray said he would retain his \$18,000-a-year job as vice-president of the United Mine Workers.

It is possible, says a doctor, to reduce one's weight by mental concentration. Wishful shrinking, in other words.

Your Health and Your Weight

WATER AND SALT PREVENT LOSS OF WEIGHT

By JAS. W. BARTON, M.D.

Most of the books and pamphlets on health stress the importance of water. They point out that every cell of every kind of tissue in the body depends on water for its existence. That every cell is really like a tiny fish which needs water in which to move about.

This is all true. The blood needs water to give it volume. This volume distends the blood vessels and also the walls of the heart causing them to contract. This contracting or squeezing keeps heart and blood vessels healthy and "elastic." Water is needed also for the digestion and other juices, quarts of which must be manufactured daily. Water is the means by which the body gets rid of its heat. Water also removes wastes from the body by means of the kidneys and intestine.

Everybody, therefore, needs considerable water daily to keep all the body processes and tissues active and healthy. That is, everybody except one class of individuals—those who are overweight.

I have spoken before of the great loss of weight by wrestlers, boxers, football and other players during an hour's bout or game. This loss may be as low as one pound and as high as fifteen to twenty pounds. If a wrestler or other athlete can lose weight five to fifteen pounds one afternoon or evening, and have all that weight back the next afternoon or evening, it was not fat that was lost; it was mostly water.

As pointed out before, every pound of fat holds three and one-half pounds of water, so that when one pound of solid fat is worked off the body by exercise, there is a loss of four and one-half pounds of weight because of the loss of the water in the pound of fat.

During hard exercise, such as wrestling, boxing, tennis, football or other games, because of the excess perspiration, much liquid containing salt is lost and it is only natural that the individual becomes thirsty and drinks a lot of water. Similarly with the Turkish bath. This causes such extreme perspiration that before the individual leaves the establishment he has replaced all the water that he lost during the bath—because of his extreme thirst. His weight will thus be the same as before the Turkish bath.

What applies to water also applies to salt. Salt is as necessary to life as water. Salt holds liquids in the tissues and prevents water being removed from the tissues too rapidly. It is the too rapid loss of water from the tissues that causes heat exhaustion during the hot weather.

To prevent the too rapid loss of water from the system during hot weather or in occupations where there is excessive heat, many employers have tables of table salt at the drinking fountain and the employees are advised to take one of these table-fifteen grains or a

WHY IS IT CALLED THE "MORRIS" CHAIR?

It commemorates a beautiful model and a model wife; and there is more to the story than that. Just a little over three-quarters of a century ago, William Morris, to whom the world was paying homage as a poet, artist and decorator, married Jane Burden, of whom the tradition is that she was the sweetest girl ever to have lived in Oxford, England.

Mrs. Burden had previously been her husband's model and subsequently made him a model spouse, this latter, however, being beside the point of our story, which is this: During the course of his wife's modeling, Morris had noticed that she liked to relax in a chair with a movable back; that he had person, ally built.

Acting upon her urging, he designed what is now known as the Morris chair, which his firm promoted successfully, and which has proved popular to this day. (Released by The Bell Syndicate, Inc.)

NOW WE KNOW

John rushed round looking for his coat.

"What do you want it for, dear?" asked his wife.

"That fellow Smith across the road has just telephoned to ask if I can lend him a corkscrew."

"Well, what do you want your coat for? Surely there's no need to go out? You can send Mary with it."

John turned upon her more in sorrow than in anger.

"My dear," he said, "your last remarks sum up the whole reason why women cannot lead armies, control nations or take anything but a subordinate part in the affairs of the world."

YORK THEATRE TO OPEN SOON

David Theatres Ltd. Expanding \$15,000—To Show "Great Dictator"

David Theatres Limited are expanding \$15,000 in completely modernizing and renovating the former Empire Theatre on Government Street. The new theatre, to be called the York, will open next Friday with a policy of showing the best in stage and screen entertainment.

The first in a long line of outstanding attractions, appealing to all, states the management of the theatre, is the exclusive Victoria and Vancouver Island showing of Charlie Chaplin in his newest success, "The Great Dictator."

Northern Electric sound equipment will assure patrons of the best in talking picture reproduction. Simplex projectors are being installed indicating that audiences will see clear pictures. Decoration of the auditorium is being extensively carried out. A canopy extending the whole width of the theatre will be erected before opening time. Considerable structural changes are being executed by a firm of Victoria contractors. Altogether Victorians will be treated to an utterly streamlined modern theatre. The structure has long been recognized as being one of the city's most substantially constructed buildings. Frank Sollice has been appointed

resident manager of the theatre. Mr. Sollice has been moved from Calgary, where he worked for six years as assistant manager in one of that city's biggest motion picture theatres controlled by Famous Players. Mr. Sollice has been connected during the last two years with the distribution of United Artists pictures.

ATLAS Robert Cummings, who THEATRE scored so heavily with Deanna Durbin in "Spring Parade," will again be seen as the famous star's leading man in Universal's "Spring Parade," which ends today at the Atlas Theatre.

CADET Based on Phyllis Bottome's THEATRE "tomorrow's powerful novel of two lovers and a family caught in the coils of a hate which startled the world," "The Moral Storm" ends today on the screen of the Cadet Theatre. Margaret Sullivan, James Stewart, Robert Young and Frank Morgan are the stellar names topping the large cast.

CAPITOL "Strike Up the Band," THEATRE which is now showing at the Capitol Theatre, stars Mickey Rooney and Judy Garland. Mickey and Judy play the roles of two small-town high school youngsters who build their own band and reach national fame. Paul Whiteman and his band are featured in the story as the big band that gives the little band its chance for fame.

DOMINION Wearing blonde wigs, THEATRE colorful dresses and sheer silk stockings, the Ritz Brothers, do an impersonation of their co-stars, the Andrews Sisters, in the Universal musical, "Argentine Nights," now at the Dominion Theatre.

OAK BAY Pat O'Brien turns THEATRE "lady killer" in earnest for his role in "Slightly Honorable," which ends today at the Oak Bay Theatre. He not only beats up Phyllis Brooks and gives her a black eye, but knocks out Ruth Terry, who has the leading role opposite him, with a right hook to the jaw. O'Brien gets it all back, however, being stabbed in the arm by an unknown knife-thrower and absorbing a beating from Broderick Crawford.

PLAZA Filmed against-the THEATRE spectacular backdrop that is Monument Valley in Kayenta, Arizona, 180 miles from the nearest railroad station, Edward Small's adventure spectacle, "Kit Carson," will end today at the Plaza Theatre.

Early Rally Is Quickly Halted On Wall Street

NEW YORK, Nov. 22 (AP)—The stock market got a good start on the rallying side today, but many leaders subsequently stumbled and failed to go the distance.

Selected stocks, motors, rails, rubbers, aircrafts and specialties were up fractions to 2 points at one time. Weak spots among "blue chips" developed after midday and early gains were well trimmed at the close.

The Associated Press average finished off 1.1 of a point at 44.5 after being up as much as noon. After a fairly fast get-away, sluggish intervals were frequent. Transfers totaled 714,000 shares compared with 813,700 on Wednesday.

Traders returned from their Thanksgiving Day recess with a slightly more optimistic view of the war news. Business developments, including another flow of favorable dividends and a roseate prospects for the steelmakers proved a bolstering influence in the forenoon.

Year-end selling to establish losses for income tax statements, which started, especially among stocks that are well down from their levels of last spring, and price irregularity added to the end of the session. Aided difficulties here and there also attracted some attention.

Portions of their morning buying were retained by U.S. Steel, Bethlehem, Youngstown Sheet, General Motors, Yellow Truck, Sears Roebuck, Douglas Aircraft, Great Northern, American Telephone, American Smelting, U.S. Rubber, preferred, Paramount, Warner Bros., International Paper company and preferred and Certain-Tied preferred.

American Can dropped 3 points to a new 1940 bottom, and declines of 1 to 2 or more were shown for Dow Chemical, Du Pont, Allied Chemical, Johns-Manville and Eastman Kodak.

Lesser losses were Montgomery Ward, N.Y. Central, Standard Oil of New Jersey, General Electric, Chesapeake & Ohio and United Aircraft.

Dow Jones averages closed today as follows:

Thirty industrials 131.74, off .48
Twenty rails 23.37, up .01
Twenty utilities 23.41, off .18
Total sales, 710,000.

WILL PRESENT NAVAL FROLIC

Officers and Men Will Be
Hosts to Citizens
Of Victoria

Officers and men of the Royal Canadian Navy will be hosts to the citizens of Victoria and district on Saturday evening, November 30, at the Royal Victoria Theatre, when they will present "Naval Frolics" to aid in the setting up of the new Naval Recreation Club.

A special variety programme has been arranged. Among the specialties are a chorus of a dozen pretty girls and a magician lately employed at the San Francisco World's Fair. In addition, there will be the West Coast Naval Band, that making a name for itself as one of the Pacific Coast's best.

Proceeds will enable volunteer workers to complete the Naval Recreation Club, the outbreak of war, there has been no naval recreation club where new recruits and other men who are away from their homes could spend their leisure time. Many of the younger men have never before been away from home and friends and the need for a recreation club, under proper supervision, has been keenly felt. The Y.M.C.A. is assisting in this undertaking.

A reading and writing room, a library, a room for ping-pong and darts, a dance floor, a canteen where light snacks may be purchased and, in summer, tennis and bowling facilities will be provided at the new club, under the supervision of committees of volunteer workers, most of whom are wives of naval officers, petty officers and men.

Many of the men who will benefit by the establishment of the Naval Recreation Club will be assisting in the "Naval Frolics" on November 30. Tickets are already being sold in the music department at Spencer's.

What Today Means

SAGITTARIUS

If November 23 is your birthday, the best hours for you on this date are from 10:30 a.m. until 12:30 p.m.; from 2:30 to 4:30 p.m.; and from 8:30 to 10:30 p.m. The danger periods are from 8:30 to 10:30 a.m.; from 6:30 to 8:30 p.m.; and from 10:30 p.m. until midnight.

Do not dwell too much on past accomplishments on this date, or some important future accomplishment may suffer. Every should be the underlying cause of most of the unhappiness experienced on this day. This is a good day to devote to trying to discover virtues rather than the faults of your relatives and friends, and you may be surprised to find that the former far exceed the latter. Giving credit where credit is due will bring a sense of satisfaction, and will be conducive to an atmosphere of domestic happiness. Vigor and vim characterize the younger generation and make them desire to be on "the go," therefore, consideration should be shown to any expressed request to participate in any kind of a safe activity. A display of sympathetic understanding will do much to establish cordial relationships on this date, and may prevent a great deal of needless bickering and sulking. Married and engaged couples, and those contemplating becoming for-

mally betrothed, should be careful not to say things impulsively that may be regretted as soon as they are said. If a woman and November 23 is your birthday, your love for personal freedom may lead to your taking an active interest in some commercial, or professional form of activity. Your self-reliance, strong will, and good humor, should help you relate your most ambitious hopes. Ordinary routine work may bore you, therefore seek some en-

terprise that has a diversified variation of interests. Social welfare, missionary, educational, or political work, as well as the results you may get from teaching, painting, the playing of a musical instrument, writing, or promoting a business of your own, should win you a place among the successful women of your community. Regard your marriage as a partnership and its success should be unqualified. The child born on November 23 has a remarkable amount of good

judgment for its years, particularly in matters requiring a display of discrimination. Children born on this date generally respond readily to kind treatment. If a man and November 23 is your natal day, a vast number of possibilities exist for the achievement of success if you put your heart and soul into your work, and grasp opportunity when it presents itself. Your individuality may be best expressed through your work as an engineer, architect, artist, musician,

singer, writer, educator, theologian, scientist, horticulturalist, farmer, printer, salesman, or inventor, and your remuneration should be ample. (Released by The Bell Syndicate, Inc.)

UNDAUNTED
"All you can eat for half a crown." The proprietor of a restaurant which makes this offer was congratulating himself on a plan which attracts good custom when he walked a patron over six feet tall and weighing about eighteen stone and settled himself for a comfortable meal.

After he had finished the official count was handed to the proprietor by a grim-faced waiter. It read: "Four fruit cocktails, eight veal cutlets, five portions of potatoes, two portions of beef, six ice creams, two tomato salads, five portions of ham." As the patron left the proprietor smiled, undaunted. "Come and have a proper meal sometime," he said.
